APR 18 2011

Subject: CD Cleaner Disinfectant
EPA Reg. No.: 10088-29
Receipt Date: January 19, 2011
EPA Receipt Date: January 25, 2011
Submissions #: 872282

Dear Mr. Swader,

The following amendment submitted in connection with registration under Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable.

Proposed Amendment:

- Label change per Storage and Disposal Container Rule (40CFR 156)

General Comments:

A stamped copy of the labeling accepted with conditions is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling. Should you have any questions or comments concerning this letter, please contact Velma Noble PM Team 31 at (703) 308-6233.

Sincerely,

Velma Noble,
Product Manager, Team 31

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

DANGER

Causes severe eye and skin damage. Do not get in eyes or on skin or clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if swallowed. Avoid contamination of food.

FIRST AID	
If in eyes:	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If on skin or clothing:	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
If swallowed:	<ul style="list-style-type: none"> Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

HOT LINE NUMBER
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact the National Pesticide Information Center 1-800-858-7378 for emergency medical treatment information.

NOTE TO PHYSICIAN
Probable mucosal damaged may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

ENVIRONMENTAL HAZARDS
This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirement of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

**CD
CLEANER
DISINFECTANT
FOR HOSPITAL AND INSTITUTIONAL USE**

ACTIVE INGREDIENTS:

n-Alkyl (60% C14, 30% C16, 5% C12, 5% C18)dimethyl benzyl ammonium chloride	2.25%
n-Alkyl (68% C12, 32% C14)dimethyl ethylenbenzyl ammonium chloride	2.25%
INERT INGREDIENTS:	95.50%
TOTAL	100.00%

**KEEP OUT OF REACH OF CHILDREN
DANGER**
See side panel for additional precautions and first aid instructions.

in EPA Letter Dated:**

APR 18 2011
Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide,
registered under EPA Reg. No. 10088-29

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its label.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical devices prior to sterilization or high-level disinfection.

This cleaner, disinfectant, and sanitizer is designed for institutional use, such as HOSPITALS, NURSING HOMES, and SCHOOLS where housekeeping will be of prime importance in controlling the hazard of cross-infection. It is effective against Staphylococcus aureus, Salmonella choleraesuis and Pseudomonas aeruginosa PRD-10 (substantiated by the AOAC Use Dilution Confirmation Test). It is also effective against pathogenic fungi Trichophyton interdigitale.

When used on environmental hard surfaces at 2 ounces per gallon of water, this product is also effective against:

- Influenza A2 (Flu virus)
- Herpes Simplex (Cold sores, fever blisters)
- Adenovirus type 2 (Acute respiratory disease)
- Vaccinia (Smallpox virus)

TO DISINFECT: For floors, walls, sink tops, garbage pails, telephones, restrooms, bed pans and operating rooms and other inanimate hard surfaces, use 2 ounces per gallon of water. Apply with a cloth or mop to walls, floors and other hard surfaces.

TO SANITIZE FOOD PROCESSING EQUIPMENT, FOOD CONTACT SURFACES AND UTENSILS: Scrape, flush, or pre-soak to remove gross food particles and soil, and wash thoroughly with detergent or compatible cleaner, followed with a potable water rinse. Spray, flood, or immerse to wet all surfaces with a solution containing 2.8 ounces per 5 gallons of water (200 ppm of active quaternary). A contact time of at least 1 minute is required for sanitization, then drain the sanitizing solution thoroughly and allow to air dry. No potable water rinse is required. Prepare a fresh sanitizing solution daily or more often if the solution becomes diluted or soiled.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

PESTICIDE STORAGE - Store in a dry place no lower in temperature than 50°F higher than 120°F.

PESTICIDE DISPOSAL - Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL - Non-refillable Container. Do not refill or reuse container. Triple rinse as follows: Empty remaining contents into application equipment or a mix tank. Drain for 10 seconds after flow begins to drip. Fill container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill. Container Disposal For Greater than 5 gallons

Container Disposal - Non-refillable Container. Do not refill or reuse container. Triple rinse as follows: Empty remaining contents into application equipment or a mix tank. Fill container 1/4 full with water. Tip container on its side and roll it back and forth, ensuring at least one complete revolution for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into the application equipment or mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.
