

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing.

STATEMENT OF PRACTICAL TREATMENT

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.
IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

PERSONAL PROTECTIVE EQUIPMENT(PPE):

Applicators and other handlers must wear: coveralls over long-sleeved shirt and long pants; waterproof gloves(chemical-resistant, Category A); chemical-resistant footwear plus socks; chemical-resistant headgear for overhead exposure; chemical-resistant apron when cleaning equipment, mixing or loading; and a dust/mist filtering respirator(MSHA/NIOSH approval number prefix TC-21C).

ENGINEERING CONTROLS:

When handlers use closed systems or enclosed cabs in a manner that meets the requirements listed in the Worker Protection Standard(WPS) for agricultural pesticides(40 CFR 170.240(d)(4-6), the handler PPE requirements may be reduced or modified as specified in the WPS.

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS:

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outsides of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of wastes or washwater. Local conditions may affect the use of this product. Consult Agricultural Extension Service for specific recommendations on dosage and time of application and for control of other weeds. Check with state and local authorities for necessary application permits.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment. Open dumping is prohibited. Store at temperatures above 32°F.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site, or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

ACCEPTED

SEP 28 1998

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 10088-35

CONTACT HERBICIDE #1

**A CONTACT, NON-SELECTIVE VEGETATION KILLER
FOR CONTROL OF BROADLEAF WEEDS AND GRASSES**

ACTIVE INGREDIENTS:

Diquat Dibromide (6,7-Dihydrodipyrido(1,2-a:2',1'-c)
pyrazinedium dibromide)..... 1.85%
pyrazinedium dibromide)..... 98.15%
INERT INGREDIENTS.....
TOTAL.....100.00%

Contains 0.083 Lbs. Diquat cation per gallon as 0.155 Lbs. salt per gallon.

EPA REG. NO. 10088-35-
EPA EST. NO. 10088-WI-1

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

See side panel for additional precautionary statements.

LABORATORIES, INC.

P.O. BOX 23926
MILWAUKEE, WI 53223

**KILLS MOST ALL FORMS OF PLANT GROWTH
WITHOUT DAMAGE TO THE SOIL**

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its label. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

ENTRY RESTRICTIONS:

For 4 days following applications to non-crop areas (other than aquatic or residential sites), do not allow employees to have contact with the treated plants, except for contact with their footwear. For spot-treatment applications to residential sites, do not allow people or pets to touch treated plants until the sprays have dried.

General vegetation control around buildings and other non-crop areas, ornamental gardens, walkways, patios, storage areas, beneath greenhouse benches, fence lines, golf courses, parkways, driveways, ditches, sand traps and similar areas where any type of vegetation is undesirable. Controls broadleaf weeds, brush and grasses. Kills most every type of plant life on contact - it kills through the leaves only. THIS PRODUCT IS INACTIVATED ON CONTACT WITH THE SOIL. Absorption and herbicidal action is usually quite rapid with effects visible in a few days.

General weed control in shrub areas: This product will not injure desirable plants as long as spray does not come into contact with leaves of these plants. It becomes inactivated on contact with soil and is not absorbed through roots. This herbicide is not residual and will not prevent seeds from sprouting or new growth from occurring.

Spot weed control in lawns and other areas: This product will kill undesirable grasses in lawns if these grasses are spot sprayed.

GOLF COURSES, DRIVEWAYS, PATIOS, ORNAMENTAL GARDENS, WALKWAYS, FENCE ROWS AND OTHER NON-CROP AREAS including around commercial and manufacturing buildings, rights-of-way and storage yards for control of undesirable broadleaf weeds and grasses, including annual and perennial broadleaf weeds, chickweed, sedge, bermuda grass and other grasses.

Use 2-1/2 gallons of this product per 20 gallons of water (16 ounces per gallon of water). Apply as a directed spray to thoroughly wet the weeds. For best results, use a non-ionic surfactant in the spray mixture. Application may be made any time during the growing season. Repeat application as necessary. Do not water treated areas for 24 to 36 hours after application. Avoid spray contact with food crops or ornamental plants. Do not apply this product through any type of irrigation system.
