

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

CAUTION

Harmful if swallowed or absorbed through skin. Do not breathe spray mists. Do not get in eyes, on skin or on clothing. Wash thoroughly after handling. Do not permit children or pets onto treated areas until sprays have dried.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish, aquatic invertebrates, and aquatic life stages of amphibians. Do not apply directly to water except as specified on this label. Do not contaminate water when disposing of equipment washwaters. Do not apply where run-off is likely to occur. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

CHEMICAL AND PHYSICAL HAZARDS

Do not use, pour, spill or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its label.

ORNAMENTAL LAWNS AND TURF: For control of ground pearls in lawns, apply this insecticide concentrate at the rate of 3 to 4 quarts per acre in 100 gallons of water. Make full coverage application to soil surface when ground pearl nymphs are in the pink, "crawler" or active stage, and immediately wash into the soil by additional watering. Do not apply this product through any type of irrigation system.

To control fleas, ticks, chiggers, leafhoppers and grass scale, dilute 1 quart of insecticide concentrate with 100 gallons of water. Spray to thoroughly cover all foliage when insects of damage are first noticed. Sprinkle lightly to wash insecticide into the crown of the plants. Do not water for several days, then water to wash insecticide off plants. Repeat if necessary.

For ant mounds, dilute 1½ pints of this insecticide concentrate to 100 gallons of water. Spray ant hills thoroughly so that they are well soaked. For other small ants in flower beds, lawns, around trees, spray lightly in the infested areas. Repeat in 10-15 days if ants return.

EMULSIFIABLE INSECTICIDE CONCENTRATE MA

ACTIVE INGREDIENTS:

Malathion: 0,0 diethyl phosphorodithioate
of diethyl mercaptosuccinate 57.0%

INERT INGREDIENTS 43.0%
TOTAL 100.0%

EPA Reg. No. 10088-56-

EPA Est. No. 10088-WI-1

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

STATEMENT OF PRACTICAL TREATMENT

IF ON SKIN: Remove contaminated clothing and launder before re use. Wash thoroughly with soap and water.

IF IN EYES: Flush eyes and under eyelids with plenty of water for at least 15 minutes. Call physician immediately.

IF SWALLOWED: Do not induce vomiting. Obtain immediate medical attention. **NOTE TO PHYSICIAN:** Malathion is a cholinesterase inhibitor. Atropine is antidotal. 2 PAM may be an effective adjunct to Atropine. See side panel for additional precautionary statements.

Manufactured by:

Milwaukee, WI 53223

OUTDOOR ORNAMENTAL FLOWERS, SHRUBS, AND TREES: To control aphids, spider mites, thrips, lace b lined leaf bug, cerise leaf beetle, thrips, mealybugs, v European pine shoot moth, rose leafhopper, potato per, tarnished plant bug, and adult Japanese beetle 1½ pints in 100 gallons of water (1 teaspoon per ga spray plant foliage thoroughly.

To control tent caterpillar, bagworms, birch leaf ni wood leaf miner, oak kermes, Florida red scale, hotted juniper, azalea, and magnolia scale, dilute 2 pint gallons of water (2 teaspoons per gallon) and sp foliage thoroughly. Injury may occur on ferns, viburnum, lantana, Crassula and canaret juniper.

TO CONTROL ADULT MOSQUITOES, FLIES, GNATS MIDGES, MOTHS AND SMALL FLYING INSECTS in non-crop areas: Use this insecticide concentrate as spray or fog when diluted as follows:
WATER SOLUTION: 1 part concentrate to 28 part
OIL SOLUTION: 1 part insecticide concentrate to of a mixture consisting of 4 parts kerosene to 1 part Avoid applying oil based sprays to valuable ornamen as injury may occur.

MOSQUITO LARVAE IN STANDING WATER (litter flooded area, stagnant water, temporary rain pool): 13 fluid ounces of this insecticide concentrate mixed in sufficient water or oil to obtain even covera applied by air or ground spraying equipment. Spray foundations, shrubs, low trees, and lawn areas.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by stor disposal. Open dumping is prohibited.

STORAGE: If container is damaged, stop leaks by tioning container or by patching or repairing leaks. T up spills, wear protective gear to prevent contr pesticide or vapors. Cover spill with absorbent r such as sand, sawdust or clay. Sweep up and plac ed, labeled container for disposal. Scrub contain area with bleach, then rinse with water. Keep co closed when not in use.

PESTICIDE DISPOSAL: Wastes resulting from the this product may be disposed of on site or at an a ed waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent) offer for recycling or reconditioning, or punctu dispose of in sanitary landfill, or by other proc approved by state and local authorities.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Harmful if swallowed or absorbed through skin. Do not breathe spray mists. Wear pesticide respirator jointly approved by the Mine Safety and Health Administration and the National Institute for Occupational Safety and Health under 30 CFR Part 11. Do not get in eyes, on skin or on clothing. Wash thoroughly after handling and launder contaminated clothing before reuse. Keep all unprotected persons out of treatment area.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish, birds, aquatic invertebrates, aquatic life stages of amphibians, and other wildlife. Do not apply directly to water except as specified on this label. Do not contaminate water when disposing of equipment washwaters. Do not apply where run-off is likely to occur. Drift and runoff may be hazardous to aquatic organisms in neighboring areas. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

CHEMICAL AND PHYSICAL HAZARDS

Do not use, pour, spill or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its label.

TO CONTROL ADULT MOSQUITOES, FLIES, GNATS, BITING MIDGES AND MOTHS on non-crop outdoor areas: Dilute 1 gallon of insecticide concentrate with 25 gallons of fuel oil (for thermal fogging) or water (for mist blowers and pressure sprayers). Apply this mixture as a thermal fog or aerosol space spray at the rate of 5 to 10 gallons per acre. For severe infestations and heavy insect populations, use 2 gallons of concentrate to 25 gallons of water or fuel oil. Thermal fogging is most effective in early morning or late evening, and when winds are less than 5 miles per hour.

OUTDOOR INSECTICIDE

ACTIVE INGREDIENTS:

*Methoxychlor, Technical	17.50%
Malathion: O,O dimethyl phosphorodithioate of diethyl mercaptosuccinate	11.70%
INERT INGREDIENTS:	70.80%
TOTAL	100.00%

*Equivalent to 15.41% 2,2 bis (p-methoxyphenyl) 1,1,1-trichloroethane and 2.1% other isomers and related compounds.

EPA Reg. No. 10088-75-

EPA Est. No. 10088-WI-1

KEEP OUT OF REACH OF CHILDREN CAUTION

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. If possible, vomiting should be induced under medical supervision. Drink one or two glasses of water and induce vomiting by touching back of throat with a finger, or by giving 1 to 2 tablespoons of syrup of ipecac in 2 or 3 ounces of water. Do not induce vomiting or give anything by mouth to an unconscious or convulsing person. **NOTE TO PHYSICIAN:** Solvent presents aspiration hazard. Gastric lavage is indicated if swallowed. If symptoms of cholinesterase inhibition are present, atropine sulfate and 2-Pam are antidotal.

IF INHALED: Remove person to fresh air. Apply artificial respiration if indicated.

IF ON SKIN: Remove contaminated clothing and wash skin immediately with soap and water.

IF IN EYES: Flush immediately with plenty of water. Call a physician immediately.

See side panel for additional precautionary statements.

KILLS MOSQUITOS, FLIES AND COCKROACHES

IMMEDIATE KNOCKDOWN

TO CONTROL MOSQUITO LARVAE IN INTERMITTENTLY FLOODED AREAS, stagnant water, temporary sloughs and log ponds: Mix one pint of this insecticide concentrate with 10 gallons of water or fuel oil to treat one acre. Apply with mist blower or power sprayer to thoroughly wet the surface of all areas where mosquitoes and flies breed or congregate, such as garbage dumps, refuse heaps, sides of buildings, low damp areas and around underground water. Repeat applications when necessary.

FOR CONTROL OF ROACH AND ANT POPULATIONS in outdoor non-crop areas: Mix 1 gallon of this product with 25 gallons of water. Apply as a wet spray, thoroughly wetting the insides of manholes and sewer lines. Also use on garbage dumps, refuse containers and cans, and building foundations. Repeat as necessary.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

STORAGE: If this container is damaged, stop use, repositioning container or by patching or repairing. To clean up spills, wear protective gear to prevent contact with pesticide or vapors. Cover spill with absorbent material such as sand, sawdust or clay. Sweep up and place in closed, labeled container for disposal. Soak contaminated area with bleach, then rinse with water. Store container closed when not in use. Keep from freezing. Store in cold or freezing temperatures, warm to room temperature and stir thoroughly before using.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Do not dispose of excess pesticide, spray mixture or residue in a violation of Federal law. If these wastes cannot be disposed of or used according to label instructions, contact your state Pesticide or Environmental Protection Agency, or the hazardous waste representative nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent) before recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other approved and local procedures.
