

ACCEPTED

Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under
EPA Reg. No. 10088-76

GRANULAR WEED CONTROL

NON-SELECTIVE HERBICIDE
FOR CONTROLLING A WIDE RANGE OF
ANNUAL AND PERENNIAL WEEDS
AND GRASSES.

FOR USE ON NON-CROPLAND AREAS
SUCH AS FENCE ROWS, STORAGE YARDS,
AND INDUSTRIAL AREAS.

ACTIVE INGREDIENT :
Bromacil (5-bromo-2-sec-butyl-6-methyluracil) . . . 4.0%
INERT INGREDIENTS: 96.0%
TOTAL 100.0%

EPA Reg. No. 10088-76-
EPA Est. No. 10088-WI-1

KEEP OUT OF REACH OF CHILDREN
CAUTION

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with water for 15 minutes and obtain
medical attention.
IF ON SKIN: Wash skin with soap and water.
IF SWALLOWED: Call physician or poison control
immediately.
See side panel for additional precautionary statements.

Manufactured by:
ATHEA LABORATORIES
P.O. Box 23926
Milwaukee, WI 53223

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

May cause irritation of skin, eyes, nose, and throat.
Avoid contact with skin, eyes and clothing. Avoid
breathing dust. Wash thoroughly after handling.

ENVIRONMENTAL HAZARDS

Keep out of lakes, streams, or ponds. Do not apply
on or near valuable woody or herbaceous plants
or on areas where their roots may extend, because
of possible injury to such plants. Thoroughly clean
spreading equipment with a suitable chemical
cleaner before using for other purposes (or do not
use same spreading equipment for other purpose).

DIRECTIONS FOR USE GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in
a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by
storage, disposal, or cleaning of equipment.
STORAGE: Store in dry area. Keep inner liner closed
when not in use. Do not store near food, feed,
seed, or fertilizer.
PESTICIDE: Wastes resulting from the use of this
product may be disposed of on site or at an approved
waste disposal facility.
CONTAINER DISPOSAL: Completely empty liner by
shaking and tapping sides and bottom to loosen
clinging particles. Empty residue into application
equipment. Then dispose of liner and drum in a
sanitary landfill or by incineration if allowed by
State and local authorities.

POUNDS

This granular non-selective herbicide is used for controlling a wide range of annual and perennial weeds and grasses. It is recommended only for noncropland areas, such as railroad rights-of-way and industrial areas. The application of 200 to 400 pounds of this product per acre usually results in a nonproductive condition of the soil for a period of a year or more. The duration of non-productivity is dependent upon rainfall, type of soil and other conditions.

DIRECTIONS: Apply product as furnished using a seed spreader, fertilizer spreader, shaker type applicator or any equipment which will distribute this product uniformly over the area to be treated.

To control annual and most perennial weeds and grasses, apply at the rate of 200 to 400 pounds per acre; on smaller plots, 0.5 to 1.0 pound per 100 square feet. Repeat spot treatment may be required when deep rooted perennial weeds are present. To obtain best results, apply to the ground where it will be absorbed by the roots. Applications early in the season have been found to give results superior to applications made later in the season. This product may, however, be applied at any time of the year. Maximum effectiveness in arid regions is obtained when applied just prior to the rainy season.

Users should consult State Agricultural Experimental Stations or Extension Service Weed specialists for recommendations as to use of this product in their particular area.

IMPORTANT: Do not apply on or near valuable woody or herbaceous plants or in areas where their roots may extend, because of possible injury to such plants. Thoroughly clean spreading equipment with a suitable chemical cleaner before using for other purposes (or do not use same spreading equipment for other purposes).
