Milwaukee, WI 53223

Attention: Steven M. Hipp  
Technical Service Specialist

Subject: Swimming Pool Algaecide II  
EPA Registration Number 10088-78  
Your Amendment Dated September 18, 1996

This is in response to your amendment to reflect product name change from "Swimming Pool Algaecide II" to "Super Shock Algaecide".

The labeling referred to above submitted in connection with Registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended is acceptable provided you make the following changes.

1. Delete the word "Specimen Label" from the proposed label.
2. The Companys "Name and Address" must be placed on the label.
3. Under the "Direction for Use" delete the heading "General Classification".
4. Revise the Environmental Hazards to read as follows:

"This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA".

A stamped copy is enclosed for your records. Submit five copies of the final printed label including these revisions before you release the product for shipment bearing the amended label.

The proposed name change has been made a part of our records.

If you have any questions concerning this letter, please contact Delores Williams at (703) 305-7109.

Sincerely,

Vivian A. Turner  
Acting Product Manager (32)  
Antimicrobial Program Branch  
Registration Division (7505C)

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed. Avoid breathing vapors. Do not get in eyes or on skin or clothing. Avoid contamination of food.

**STATEMENT OF PRACTICAL TREATMENT**

**IF IN EYES:** Flush eyes and under eyelids with plenty of water for at least 15 minutes. Call a physician immediately.

**IF ON SKIN:** Remove contaminated clothing and launder before re-use. Flush skin with plenty of water for at least 15 minutes.

**IF SWALLOWED:** Drink milk, egg whites or gelatin solution, or if these are not available, drink large amounts of water. Avoid alcohol. Call a physician immediately.

**ENVIRONMENTAL HAZARDS**

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirement of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Store in a dry place no lower in temperature than 50°F. or higher than 120°F.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

# SUPER SHOCK ALGAECIDE

**ACTIVE INGREDIENTS:**

Poly(oxyethylene (dimethyliminio) ethylene  
(dimethyliminio) ethylene dichloride) ..... 10.0%  
INERT INGREDIENTS ..... 90.0%  
TOTAL ..... 100.0%

This product contains 0.85 lbs. of active ingredient per gallon and weighs 8.49 lbs. per gallon.

EPA REG. NO. 10088-78 -  
EPA EST. NO. 10088-WI-1

**KEEP OUT OF REACH OF CHILDREN  
CAUTION**

See side panel for additional precautionary statements.

Sold By:

**SPECIMEN  
LABEL**  
OCT 25 1996

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act  
as amended, for the pesticide  
registered under EPA Reg. No.  
10088-78

**DIRECTIONS FOR USE  
GENERAL CLASSIFICATION**

It is a violation of Federal law to use this product in a manner inconsistent with its label.

This algaecide is used to control the growth of algae in swimming pools, exterior spas, whirlpools, hot tubs and decorative fountains. For maximum effectiveness, pools, spas, whirlpools and decorative fountains containing heavy growth of algae should be cleaned prior to using this product.

For pools having just visible algae growth, add an initial dose of 75 to 116 fluid ounces per 10,000 gallons of water and remove the settle algae debris by cleaning. For treatment of freshly cleaned and filled pools, add initially 41 to 75 fluid ounces per 10,000 gallons of water. Subsequent additions of 13.6 to 27 fluid ounces per 10,000 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools, hot tubs and decorative fountains having just visible algae growth require an initial dose of 8 to 12 ounces per 1,000 gallons of water. For treatment of a freshly cleaned and filled spa, whirlpool, hot tub or decorative fountain, add initially 4 to 8 ounces per 1,000 gallons of water. Subsequent additions of 1 to 3 fluid ounces should be made every 5 to 7 days after initial treatment for maintenance.

This algaecide is compatible with chemicals normally used to treat pools, spas and decorative fountains, and is effective at both acid and alkaline pH. It can be used in pools, spas and decorative fountains treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix with concentrated dry or liquid chlorine products.
