OFFICE OF PREVENTION, PESTICIDES AND TOXIC SUBSTANCE

Adam Swader Regulatory Compliance Specialist Ahtea Laboratories, Inc. P.O. Box 240014 Milwaukee, WI 53224

Subject:

Super Shock Algaecide

EPA Registration No. 10088-78 Application Date: March 25, 2010 Receipt Date: April 7, 2010

Dear Mr. Swader:

This will acknowledge receipt of your notification, submitted under the provisions of PR Notice 2007-4.

Proposed Notification:

Updating Container Disposal statement

General Comment:

Based on a review of the submitted materials, your notification for updating the Container Disposal statements is acceptable and a part of the records on file.

Should you have any questions concerning this letter, please contact Heather Garvie at (703) 308-0034 or by email address at garvie.heather@epa.gov.

Sincerely

acqueline McFaflane

(Acting) Product Manager (34) Regulatory Management Branch Antimicrobials Division (7510P)

Subject: Storage and Disposal Update
Super Shock Algaecide
EPA Registration No. 10088-78

To Whom It May Concern:

Please find the enclosed one label marked with changes and Form 8570-1 stating the following:

Notification of label change per PR Notice 2007-4. This notification is consistent with the guidance in PR Notice 2007-4 and the requirements of EPA's regulations at 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156. No other changes have been made to the labeling or Confidential Statement of Formula for this product. I understand that it is a violation of 18 U.S.C. SEC. 1001 to willfully make any false statement to EPA. I further understand that if the amended label is not consistent with requirements of 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

If there are any questions in regards to this notification please contact me at 414-354-6417 ext. 215 or email me at <u>aswader@athea.com</u>.

Thank You,

Adam Swader

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Avoid breathing vapors. Do not get in eyes or on skin or clothing. Wash hands thoroughly with plenty of soap and water after use. Avoid contamination of food.

FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information on this pesticide (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Information Center at 1-800-858-7378.

For information on product, usage, etc., call 1-800-743-6417.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

SUPER SHOCK ALGAECIDE

ACTIVE INGREDIENTS

CAUTION

See side panel for additional precautionary statements.

EPA REG. NO. 10088-78 EPA EST. 10088-WI-1

NET CONTENTS:

(Insert container size here, expressed in gallons/ounces with the option to add the metric equivalent.)

Manufactured By:

Athea Laboratories Inc PO Box 240014 Milwaukee, WI 53224

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its label.

For Commercial Use.

This algaecide is used to control the growth of algae in swimming pools, exterior spas, whirlpools, hot tubs and decorative fountains. For maximum effectiveness, pools, spas, whirlpools and decorative fountains containing heavy growth of algae should be cleaned prior to using this product.

For pools having just visible algae growth, add an initial dose of 75 to 116 fluid ounces per 10,000 gallons of water and remove the settle algae debris by cleaning. For treatment of freshly cleaned and filled pools, add initially 41 to 75 fluid ounces per 10,000 gallons of water. Subsequent additions of 13.6 to 27 fluid ounces per 10,000 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools, hot tubs and decorative fountains having just visible algae growth require an initial dose of 8 to 12 ounces per 1,000 gallons of water. For treatment of a freshly cleaned and filled spa, whirlpool, hot tub or decorative fountain, add initially 4 to 8 ounces per 1,000 gallons of water. Subsequent additions of 1 to 3 fluid ounces should be made every 5 to 7 days after initial treatment for maintenance.

This algaecide is compatible with chemicals normally used to treat pools, spas and decorative fountains, and is effective at both acid and alkaline pH. It can be used in pools, spas and decorative fountains treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix with concentrated dry or liquid chlorine products.

STORAGE AND DISPOSAL

Do Not Contaminate Water, Food, or Feed By Storage or Disposal.

Pesticide Storage: Store in a dry place no lower in temperature than 50°F or higher than 120°F.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Handling: Nonrefillable container. Do not reuse or refill container. Offer for recycling, if available or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
