Subject: Amended Reregistration Label  
Product Name: Wasp & Hornet Killer  
EPA Registration Number: 10088-91  
EPA Decision Numbers: 435915, 413842 and 410307

Dear Mr. Rego:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the tetramethrin, permethrin and PBO REDs, and has concluded that your submission is acceptable.

NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 4/12/11

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever

occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Jennifer Urbanski at 703-347-0156 or [urbanski.jennifer@epa.gov](mailto:urbanski.jennifer@epa.gov).

Sincerely,

Richard J. Gebken  
Product Manager (10)  
Insecticide Branch  
Registration Division (7504P)

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read Entire Label.

For best results, spray in early morning or late evening when insect activity is minimal. Stand a safe distance from nest and not directly underneath. Remove protective cap. Hold can upright and point spray opening toward nest with wind at your back. Spray until nest is thoroughly saturated to kill the entire nest population. Residual action will kill wasps and hornets returning to the nest. Wait at least 24 hours before removing the nest.

To kill wasps, hornets and yellow jackets under eaves, screens, window frames, doors, patios, cracks, holes or crevices, spray for about 1-2 seconds or until surfaces are moist. To prevent entrance of insects into the house, spray around points where insects enter, such as outside plumbing, faucets, and cracks or crevices in foundation as well as along sills and ledges.

Do not use in commercial food/feed handling establishments, restaurants or other sites where food/feed is commercially prepared or processed. Not for use in federally inspected meat and poultry plants.

Do not allow adults, children, or pets to enter the treated area until sprays have dried. Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Remove pets, birds, and cover fish aquariums before spraying. Do not apply when food is present. Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.

Not for broadcast use on indoor residential surfaces. Do not make applications during rain. Do not water the treated area to the point of runoff. Other than applications to building foundations: all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors and eaves) are limited to spot and crack-and-crevice applications only.

**NOTICE:**

Buyer assumes all responsibility for safety and use not in accordance with directions.

**ACCEPTED  
SEP 2 1 2011**

**Under the Federal Insecticide, Fungicide,  
and Rodenticide Act, as amended, for the  
pesticide registered under:**

10088-91

EPA Reg. No.

# WASP & HORNET KILLER

**DIELECTRIC BREAKDOWN  
VOLTAGE OF 47,300 VOLTS**

Can Be Used Both Indoors (Attics and Other Places Where Nests Are Built) and Outdoors On Wasp & Hornet Nests

**ACTIVE INGREDIENTS:**

* Tetramethrin.....	0.10%
** Permethrin.....	0.25%
*** Piperonyl Butoxide.....	0.50%
<b>INERT INGREDIENTS:</b> .....	<b>99.15%</b>
<b>TOTAL</b> .....	<b>100.00%</b>

- \* 1-cyanoheptane-1,2-dicarbonyldimethyl 2,2-dimethyl-3-(2-methylpropenyl)cyclopropanecarboxylate.
- \*\* (3-phenoxyphenyl) methyl (4) cis/trans 3-(2,2-dichloro-ethyl) 2,2-dimethyl cyclopropanecarboxylate.
- \*\*\* Cis/trans ratio: min. 35% (4) cis and max. 65% (4) trans.
- † (butyl carboxyl)(6-propylpiperonyl) ether and related compounds.

## KEEP OUT OF REACH OF CHILDREN CAUTION

**FIRST AID:**  
**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first five (5) minutes then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.  
**Note to Physician:** Contains piperonyl disulfide. Vomiting may cause aspiration pneumonia.  
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information on this pesticide (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Information Center at 1-800-858-7378.

EPA REG. NO. 10088-91

**PRECAUTIONARY STATEMENTS:  
HAZARDS TO HUMANS AND DOMESTIC  
ANIMALS**

### CAUTION

Causes moderate eye irritation. Avoid contact with eyes or clothing. Harmful if swallowed. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

**ENVIRONMENTAL HAZARDS**

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean water mark. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when cleaning equipment or disposing of equipment washwaters or rinsate. See Directions for Use for additional precautions and requirements.

This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

**PHYSICAL OR CHEMICAL HAZARDS**

**FLAMMABLE.** Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F. may cause bursting.

### STORAGE AND DISPOSAL

Do Not Contaminate Water, Food, or Feed By Storage or Disposal.  
**Pesticide Storage:** Store in a dry place no lower in temperature than 50°F or higher than 120°F.  
**Container Disposal:** Do Not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions.
