Subject: Label Notification  
**Company:** Athea Laboratories, Inc.  
**Product:** Insect Repellent Towel (10088-97)

Dear Mr. Johnson:

A label amendment for the subject product was approved on August 4, 2000. Mistakenly, the "If In Eyes" section of the first aid statement was left off the amendment submittal. Athea Laboratories would like to place that statement back on the final product label as it was on the original approved label dated 3/16/99.

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Please find (2) two copies of the final label for the subject product that contains the "If In Eyes" section of the first aid statement. If you have any questions or comments I can be reached at (414) 354-6417.

Thank you.
