 <p style="text-align: center;">U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (7505P) Ariel Rios Building 1200 Pennsylvania Ave., NW Washington, D.C. 20460</p> <p style="text-align: center;">NOTICE OF PESTICIDE: <input type="checkbox"/> Registration <input checked="" type="checkbox"/> Reregistration (under FIFRA, as amended)</p>	EPA Reg. Number:	Date of Issuance:
	10088-114	SEP 15 2008
	Term of Issuance:	Name of Pesticide Product:
Name and Address of Registrant (include ZIP Code): Athea Laboratories, Inc. P.O. Box 240014 Milwaukee, WI 53224		
<p>Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p> <p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p style="text-align: center;">This product is reregistered in accordance with FIFRA section 4(g)(2)(C) provided you:</p> <ol style="list-style-type: none"> 1. Submit and/or cite all data required for registration/reregistration review of your product when the Agency requires all registrants of similar products to submit data 2. Make the following changes to the product labeling: <ol style="list-style-type: none"> 1. Under "Hazards to Humans and Domestic Animals", revise statement to read "CAUTION Harmful if absorbed through skin. Avoid contact with eyes, skin, or clothing." 2. Under "PPE", revise the first sentence to read "Some materials that are chemical-resistant to this product are barrier laminate, nitrile or neoprene rubber, or viton." 3. Under "PPE", revise the second paragraph to read "Applicators and other handlers must wear: long-sleeved shirt and long pants, shoes and socks, and chemical-resistant gloves made of barrier laminate, nitrile or neoprene rubber, or viton." 4. Move the User Safety Requirement text "Follow manufacturer's instructions...from other laundry." from the box and place below the PPE section. <p style="text-align: center;">Continued on Page 2</p>		
Signature of Approving Official:	Date:	
Joanne I. Miller Product Manager 23 Herbicide Branch Registration Division (7505P)	SEP 15 2008	

5. Change the heading "User Safety Requirements" to "User Safety Recommendations".
6. Move the section "If on skin or clothing" so that it is listed first under "First Aid".
7. Under "Environmental Hazards" remove the phrase "except as noted on appropriate labels" from the second sentence.
8. Revise the groundwater contamination statement to read "2,4-D has properties..."
9. Revise the "Container Disposal" statement in accordance with PR Notice 2007-4.
10. Under "Application Restrictions" revise the text to read "Maximum of 2.0 lb 2,4-D ae/acre per application."
11. Under "Postemergence (annual & perennial weeds)" correct the typo from "times" to "times".
12. Revise the Net Contents from "oz." to "fl.oz."
13. Attachment A was not included with this labeling. You must either include the attachment to your final printed labeling, or remove the statement "*See attachment A for additional options.*"
14. Assure that the required acid equivalents per acre (lbs ae/A) restrictions are expressed as product volume or product weight per unit area that they are in the same units as the registered application rate already on the label. Assure that the maximum application restrictions are identical to the highest currently registered rate for each appropriate application site.

A stamped copy of your labeling is enclosed for your records. Submit one (1) copy of the revised final printed label for the record before you release the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Enclosure

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Harmful if absorbed through skin. Vapor harmful. Causes skin irritation. This product may cause skin sensitization reactions in some people. Do not breathe vapor or mist. Do not get in eyes, on skin or on clothing. Wash thoroughly after handling.

PERSONAL PROTECTIVE EQUIPMENT (PPE):

Some materials that are chemical-resistant to this product are barrier-laminate, nitrile rubber, viton. If you want more options, follow the instructions for category E on an EPA chemical-resistance category selection chart.

All mixers, loaders, applicators, flaggers, and other handlers must wear: long-sleeved shirt and long pants, shoes and socks, plus chemical resistant gloves, when applying with any handheld nozzle or equipment, mixing or loading, cleaning up spills or equipment, or otherwise exposed to the concentrate, chemical resistant apron when mixing or loading, cleaning up spills or equipment, or otherwise exposed to the concentrate.

USER SAFETY REQUIREMENTS

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

User should wash hands before eating, drinking, chewing gum, tobacco use, or using the toilet.

User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. If pesticide gets on skin, wash immediately with soap and water.

Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

FIRST AID

IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquids to the person. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information on this pesticide (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Information Center at 1-800-858-7378. For information on product, usage, etc., call 1-800-743-6417.

NOTE TO PHYSICIAN: May pose an aspiration pneumonia hazard. Contains petroleum distillate.

PHYSICAL OR CHEMICAL HAZARDS

FLAMMABLE: Content under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 30°F may cause bursts.

ENVIRONMENTAL HAZARDS

This pesticide may be toxic to fish and aquatic invertebrates. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark except as noted on appropriate labels. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash waters or rinsate.

This chemical's properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.

SOIL STERILANT

ACTIVE INGREDIENTS:

Isooctyl: (2-Ethylhexyl ester) of	
2,4-Dichlorophenoxyacetic acid1.09%
Bromacil (5-Bromo-3-sec-butyl-6-	
methyluracil)0.98%
INERT INGREDIENTS: 97.93%
TOTAL100.00%

2,4-dichlorophenoxyacetic acid equivalent 0.63%
Isomer specific AOAC Method No. 6. DO 1-5.
Contains petroleum distillates, xylene, or xylene range aromatic solvent.

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

See side panel for further precautions
and first aid instructions.

EPA REG. NO. 10088-114
EPA EST. NO. 10088-WI-1

Net Contents: (x) oz.

Manufactured By:
Athea Laboratories, Inc.
P.O. Box 240014
Milwaukee, WI 53224

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its label. READ ENTIRE LABEL BEFORE USING THIS PRODUCT. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

Not to be used in any recreational areas or in or around homes.

Recommended for use on non-crop areas such as fence rows, parking lots, around buildings, loading ramps, storage yards, tank farms, along pipelines, industrial plant sites and other similar areas where grasses and weeds interfere with drainage, create a fire hazard or cause unsightly appearances.

This liquid weed killer is composed of 5-bromo-3-sec-butyl-6-methyluracil (Bromacil) and low volatile 2,4-D Ester. The low volume oil carrier provides rapid penetration and translocation in the plant. The insolubility of the herbicide in water assures full effect regardless of rainfall after application or stage of growth at time of application.

This weed killer may be applied at any time of the year except when the ground is frozen. Best results are obtained after predominant weeds have emerged and developed to a point where they present a problem. Reapplication of product will depend on amount of product applied, soil conditions, rainfall and other environmental variables. Only spray white can is inverted.

(The word "Directions" and the numbered bullets are optional)

Directions

- 1) Remove cap.
- 2) Invert the can and point tip at weed(s) to be sprayed.
- 3) Depress button and spray weed(s) thoroughly. Be sure to completely cover the weed(s). Keep can close to weed(s) (1-2 feet) while spraying. Keep spray away from face.

See attachment A for additional options.

Application Restrictions: Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

Postemergence (annual & perennial weeds): Limited to 2 applications per year. Maximum of 2.0 lbs. ae/acre per application. Minimum of 30 days between applications. Application to non-cropland areas are not applicable, to treatment of commercial times or other plants being grown for sale or other commercial use, or for commercial seed production, or for research purposes.

Entry Restrictions: Do not enter or allow people (or pets) to enter the treated areas until sprays have dried.

Prohibited for aerial applications.

USE PRECAUTIONS

IMPORTANT: Do not use this product for controlling weeds on lawns, in flower or vegetation beds or around shrubs or ornamental plantings. Do not spray exposed roots of desirable plants or where chemical may be carried into contact with roots or vegetation. Product may stain surfaces (e.g. concrete, asphalt, tennis courts). Spray when air is calm to avoid spray drift that might injure desirable ornamental plants.

NOTICE: Buyer assumes all risks of use, storage and handling this product not in strict accordance with directions given herewith.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.
PESTICIDE STORAGE: Do not store near heat or open flame. Store in a cool dry area away from children.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Replace cap and discard container in trash. Do not incinerate or puncture.
