OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

JUL 12 2012

Mr Adam Swader
Athea Laboratories Inc
P O Box 240014
Milwaukee WI 53224

Subject Amended Reregistration Label
Product Name Wasp and Hornet Killer
EPA Registration Number 10088 115
EPA Decision Numbers 427197, 436168

Dear Mr Swader

The Agency in accordance with the Federal Insecticide Fungicide and Rodenticide Act (FIFRA) as amended has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Tetramethrin and Phenothrin REDs and has concluded that your submission is acceptable

NOTE This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below Any previously dated CSFs are superseded

- Basic CSF dated April 13 2012
- Alternate CSF #1 dated April 13, 2012

A copy of your label stamped 'Accepted' is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first must bear the new revised label Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions If these conditions are not complied with the registration will be subject to cancellation in accordance with FIFRA sec 6(e)

If you have any questions about this letter please contact Julie Chao at (703) 308 8735 or chao.julie@epa.gov

Sincerely

Richard J Gebken
Product Manager (10)
Insecticide Branch
Registration Division (7504P)

*Enclosures Label stamped Accepted
Acute Toxicity Review dated July 29 2011
Product Chemistry Reviews dated November 29 2011 and April 27 2012*

Wasp and Hornet Killer

THIS PRODUCT CAN BE USED BOTH INDOORS (ATTICS AND OTHER PLACES WHERE NESTS ARE BUILT AND WHERE FOOD OR FEED ARE NOT EXPOSED) AND OUTDOORS ON WASP HORNET AND YELLOW JACKET NESTS

KILLS WASPS YELLOW JACKETS AND HORNETS ON CONTACT

GIVES RAPID KNOCKDOWN AND KILL OF WASPS YELLOW JACKETS AND HORNETS

REACHES NESTS MORE THAN 20 FEET ABOVE GROUND

DIELECTRIC BREAKDOWN VOLTAGE
41 0 KV by ASTM Test Method D 877 87

ACTIVE INGREDIENTS

Tetramethrin [(1-Cyanoheptane-1,2-diaxym do)
methyl 2,2-dimethyl-3-(2-methylpropenyl)
Phenothrin 0 200.6
0 125.6
OTHER INGREDIENTS 99.675/
100 000.6

Contains p e l f e u r m d i l l i a t e

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

See side panel for additional precautionary statements

ACCEPTED
JUL 12 2012

Under the Federal Insecticide Fungicide,
and Rodenticide Act, as amended for the
pesticide registered under

EPA Reg No 10088-115

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

FOR CONTROL OF NESTS OF WASPS YELLOW JACKETS AND HORNETS The best time to spray the nest is in the early morning or early evening when temperature is cool and most insects are in the nest and activity is observed around the nest opening. Spray only if the air is still. Stand at a safe distance from the nest and directly under it. Hold container upright at arms length, point the actuator at the nest and spray in the opening of the nest first. The spray the rest of the nest until it is saturated. Treated insects may fall out of the nest and die. Wait 48 hours before removing the nest. Hose off foliage of desirable plants that were contacted with spray.

This product may stain or adversely affect vinyl painted and plastic surfaces. Avoid application to asphalt roofing shingles as staining may occur. Before using in areas where spray may contact these surfaces test in an inconspicuous area and recheck in a few hours.

PRECAUTIONS AND RESTRICTIONS

Do not apply this product in a way that will contact children or pets directly or through drift. Do not enter allowed areas until treated area until sprays have dried. All outdoor applications must be limited to wasp yellow jacket and hornet nest treatments as directed on this label. Do not make applications during rain. Remove pets and birds outdoors from areas before spraying. Do not use in food areas of food handling establishments, restaurants or other areas while food is exposed or facility is open. Serving areas are areas where prepared foods are served, such as dining rooms but excluding areas where foods may be prepared or held. In the home all food processing surfaces and utensils must be covered, eliminated or thoroughly washed before use. Exposed food must be covered or removed.

STORAGE AND DISPOSAL

Do Not Contaminate Water Food or Feed By Storage or Disposal
Pesticide Storage Store in a dry place no lower in temperature than 50 F or higher than 120 F
Container Handling Do Not Puncture or Incinerate Nonrefillable container. Do not reuse or refill this container. If empty Place in trash or offer to recycling if available. If partly filled Call your local solid waste agency for disposal instructions
