**Precautionary Statements  
Hazards to Humans & Domestic Animals**

**CAUTION**

Harmful if swallowed. Avoid contact with skin. In case of skin contact wash with soap and water. Avoid breathing spray mist.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish, shrimp, crabs and other aquatic animals. Do not apply directly to lakes, streams and ponds.

Shrimp and crab may be killed at application rates recommended on this label. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

This product is toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

**Physical Hazards**

DO NOT use, pour, spill, or store near heat or open flame.

**NOTE TO PHYSICIANS:**

In case of emergency, call CHEMTREC (800) 424-9300.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS, AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.

**Re-Entry Statement**

Do not apply this product in such a manner as to directly or through drift expose workers or other persons. The area being treated must be vacated by unprotected persons.

Do not enter treated areas without protective clothing until sprays have dried. Because certain states may require more restrictive re-entry intervals for various crops treated with this product, consult your State Department of Agriculture for further information.

Written or oral warnings must be given to the workers who are expected to be in treated areas or in areas about to be treated with this product. When oral warnings are given, warnings shall be given in a language customarily understood by workers. Oral warnings must be given if there is a reason to believe that written warnings cannot be understood by workers. Written or oral warnings must include the following information: "CAUTION: Area to be treated with M&M Alfalfa Spray (date of application). Do not enter without appropriate protective clothing until sprays have dried." Or in the case of Citrus, Grapes, Nectarines and Peaches: "Do not enter areas to perform activities that involve substantial or prolonged contact with treated foliage for 1 day. If accidentally exposed, consult the Statement of Practical Treatment portion of the label for first aid recommendations.

**M & M**

**Alfalfa Spray**

ACTIVE INGREDIENTS	PerCent
+Methoxychlor: 1,1,1-trichloro-2,2-bis(p-methoxyphenyl) ethane	23.30
++Malathion	23.50
-Xylene	45.95
INERT INGREDIENTS	7.25
	100.00

+(23.3 percent Methoxychlor, Technical, is equivalent to 20.5 per cent 2,2-bis(p-methoxyphenyl)-1,1,1-Trichloroethane and 2.8 per cent other isomers and reaction products.

+(O,O-dimethyl phosphorodithioate of diethylmercaptosuccinate).  
Contains  
2 pounds of Methoxychlor  
and  
2 Pounds of Malathion  
per gallon

**Keep Out of Reach of Children  
CAUTION-PRECAUCION**

PRECAUCION AL USUARIO: Si usted no lee ingles, no use este producto hasta que la etiqueta le haya sido explicada ampliamente.

STATEMENT OF PRACTICAL TREATMENT: If swallowed, give water or milk if conscious and get medical attention. Do not induce vomiting. If inhaled, remove to fresh air. If on skin, immediately wash on with plenty of soap and water. If in eyes, wash immediately with plenty of water for 15 minutes and get medical attention.

SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

**Storage and Disposal**

**PROHIBITIONS:** Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container. Do not store under conditions which might adversely affect the container or its ability to function properly.

**STORAGE:** If exposed to prolonged cold, place in warm storage 50 to 60 degrees F for several hours and agitate before using. Store in safe manner. Store in original container only. Store in cool, dry place. Keep container tightly closed when not in use. Reduce stacking height where local conditions can affect package strength. Personnel should use clothing and equipment consistent with good pesticide handling.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

**DIRECTIONS (cont'd)  
MIXING**

Add the recommended amount to about one-half the required volume of water with agitation. Then well mixed, add the remainder of water and mix until uniform.

**For control of Alfalfa Weevil Larva and  
Spittlebugs on Alfalfa and Clover**

**Spring treatment:** use 2 to 3 quarts in enough water for good coverage (about 25 gallons of water) per acre.

Apply to the first crop or stubble if half the alfalfa tips show alfalfa weevil larvae feeding damage. Otherwise, treat the second and further cuttings when half to three-fourths of the tips show some injury. Do not use within 7 days of feeding or cutting hay.

**COMPATIBILITY**

Do not use with materials containing sulfur. Alkaline materials such as lime and Bordeaux may reduce the effectiveness of this product.

**CONDITIONS OF SALE:** 1. CORNBELT CHEMICAL CO. (Cornbelt) warrants that this material conforms to the chemical description on the label and is reasonably fit for use as directed hereon. Cornbelt neither makes, nor authorizes any agent or representative to make, any other warranty of FITNESS or of MERCHANTABILITY, guarantee or representation, express or implied, concerning this material. 2. Critical and unforeseeable factors beyond Cornbelt's control prevent it from eliminating all risks in connection with the use of chemicals. Such risks include, but are not limited to, damage to plants and crops to which the material is applied, lack of complete control, and damages caused by drift to other plants or crops. Such risks occur even though the product is reasonably fit for the uses stated hereon and even though label directions are followed. Buyer and user acknowledge and assume all risks and liability (except those assumed by Cornbelt under 1 above) resulting from handling and use of this material.
