**NOTE:** Changes in labeling or formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Pesticides Regulation Division prior to use of the label in interstate commerce. In any correspondence on this product always refer to the above registration number.

On the basis of the information furnished by the registrant, the above named economic poison is hereby registered under Section 4 of the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this registration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Department. In order to protect the public, the Secretary, on his own motion, may at any time cancel the registration of an economic poison in accordance with Section 4 (c) of the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by a trademark held by others.

The following paragraphs are applicable only when checked:

- To expedite registration, this notice is being issued on the basis of the draft submitted with the application. Certain defects, given below, have been noted. These corrections must be incorporated when the printed labeling is prepared. Five copies of the printed labeling must be submitted to complete the file on this product.
- The registration for this product is being issued with the understanding that certain defects in the labeling which are noted below will be corrected as soon as possible. Objection is not raised to the use of the present labeling for a reasonable period of time while fully corrected labeling is being prepared. Five copies of the corrected labeling must be submitted.
- 1. The front panel precautionary labeling must meet the type size and prominence requirements.
- 2. Any collateral literature used in the sale, promotion, or distribution of this product is considered part of labeling and should be submitted for review.
- 3. The registration number assigned above must appear on the label.

We will expect this product to be effective against the microorganisms claimed when used as directed, and tested by the AOAC Use Dilution Method and AOAC Fungicidal Method.

FRONT PANEL

name of Product, Whizzer Mat Cleaner and Disinfectant

A potent multipurpose germicide and concentrated cleaner for  
wrestling mats and other athletic equipment.

Directions- dilute this concentrate with equal parts of water  
to clean and disinfect wrestling mats. Pour equal amounts of  
this concentrate and tap water into suitable pail or container.  
Use sponge or towel and apply freely over mat. Wipe dry with  
clean dry towel. Whizzer Mat Cleaner and Disinfectant cleans  
and disinfects the mat and aids in preventing transfer of  
'staph', 'strep', and 'fungal' microorganisms deposited on  
the mat from one athlete to another. For complete information on  
which organisms are combated see back panel. This cleaner  
may also be used on floors, training room whirlpools, taping  
benches, locker room area walls, athletic training room  
furniture, tweezers, scissors, razor blades and nail clippers.

Active ingredients	Methyldodecylbenzyl trimethyl ammonium chloride	.0941%
	Methyldodecylxylylene bis(trimethyl ammonium chloride	.0235%
