

ZEOLITE ALGAE BRIQUETTES

**For Air Conditioning Cooling Towers
Treatment for Algae and Bacterial and/or Fungal Slimes**

ACTIVE INGREDIENTS

Sodium Pentachlorophenate 79.0%

Sodium Salts of other Chlorophenols 11.0%

INERT INGREDIENTS 10.0%

WARNING

**Keep Out of Reach of Children
May Be Fatal or Harmful if Swallowed**

Harmful, dusty; causes skin and eye irritation, absorbed through skin from solution. Do not breathe dust. Do not get in contact with skin or on clothing. Do not take internally. In case of contact with dry material or its solution, wash skin at once with plenty of soap and warm water; for eyes, flush with water for at least 15 minutes and get Medical Attention. Remove and wash clothing before reuse. If swallowed, induce vomiting. Call Physician.

DIRECTIONS FOR USE

Heavily infested systems must be manually cleaned before initial treatment.

Initial Dosage: Use 1 1/2 pounds of Zeolite Algae Briquettes for every 2,000 gallons of water in the system. Provides 80 ppm actives.

Subsequent Dosage: Use three fourths of a pound of Zeolite Algae Briquettes for every 2,000 gallons water in the system. Provides 40 ppm actives.

Each briquette weighs 1 oz. 14 briquettes weigh 1 1/2 pounds. 12 briquettes weigh three-fourths of a pound. Available in 10, 25 and 50 lb. bags.

Scatter briquette around water treatment area. Place a moderate amount of briquettes near the center of the water treatment area. Reapply as needed weekly or as needed.
