 TO APPLICABLE COMMENTS.

DIRECTIONS:

1. Spray surfaces until completely wet, from a distance of 6 to 10 inches.
2. Wipe off excess moisture.

CAUTION: Keep out of reach of children. Avoid contamination of food.

(rear panel)

DURAGARD is a broad spectrum microbicidal spray; Kills many bacteria, and is also effective against the Japanese strain of Asian flu virus on inanimate surfaces; and helps to reduce the hazards of cross infection.

DURAGARD is microbistatic; Prevents mold and mildew, and deodorizes. The DURAGARD film left after application is a bacteriostatic shield against the growth of bacteria.

DURAGARD sanitizes metal, painted wood, plastic, rubber, and washable surfaces. Useful in hospitals, laboratories, operating rooms, isolation wards, patient's rooms. Excellent for Veterinarians, when applied in cages, kennel runs, surgical rooms.
