Statement of Practical Treatment

For Eyes: In case of contact with eyes, flush with plenty of water for at least 15 minutes. Call a physician.

For Skin: Wash exposed areas of skin with soap and water after handling or using.

If Swallowed: Do not induce vomiting. Call a physician immediately.

Note: Remove and wash contaminated clothing before reuse or discard in accordance with instructions for pesticide container disposal.

See Side Panel for Additional Precautionary Statements.

Hazards to Humans and
Domestic Animals

DANGER

(18 pt)

Corrosive: Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield when handling. Harmful or fatal if swallowed. Avoid contamination of food or feed.

Environmental Hazards

This product is toxic to fish and wildlife. Do not apply directly to water or wetlands. Do not contaminate water by cleaning of equipment or disposal of wastes.

Physical and Chemical Hazards

Contains petroleum distillate. Do not use, pour, spill or store near heat or open flame.

Notes on Handling: Because this product contains petroleum distillate, proper precaution should be taken to insure adequate ventilation. It should not be applied in the presence of open flames. Smoking during application should not be permitted in the area. All eating and drinking should be prohibited when treating millwork. Suitable work clothing, rubber gloves and safety glasses should be worn during application.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its label ng.

Storage and Disposal

(12 pt)

Do not contaminate water, food, or feed by storage or disposal.

Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

Directions: Vita-San 75 is applied during the normal coloring or fatliquoring process. Addition of the Vita-San 75 can be made either with the coloring or fatliquoring materials. Use 0.75 to 1% Vita-San 75 based on wet weight of the leather.
