**GENERAL PURPOSE CLEANSER
FOR USE THROUGHOUT PLANT
WITH FOAM**

FOR VERY HEAVY GREASE, FAT, BLOOD AND
PROTEIN REMOVAL

FAST CLEANING - QUICK RINSING

DIRECTIONS

FOR VERY HEAVY-DUTY CLEANING WITH FOAM
- Use 4 to 6 pounds per 50 gallons of water.
Fill drum 1/3 full of cold water. Add FOAM
KLEEN and dissolve. Fill drum with hot water.
When nearly full add 1 to 2 quarts of LIQUIKs
1 or 2 and blend until uniform. The LIQUIK keeps
the caustic from flying thereby helping protect
the operator. Apply to dirty areas after "rough-
ing down" to remove meat scraps. Rinse
thoroughly with potable water after cleaning.

Do not use in high-pressure washer.

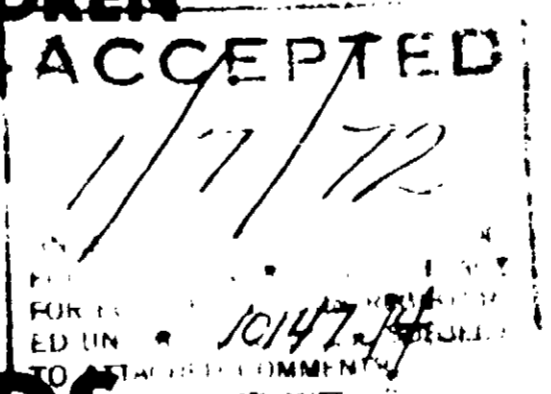

AVOID CONTAMINATION
OF FOOD.
USE AS DIRECTED.
