GENERAL PURPOSE CLEANSER

- FOR USE THROUGHOUT THE PLANT WITH OR WITHOUT FOAM ON WALLS, FLOORS, EQUIPMENT ETC.
- HEAVY-DUTY CLEANER FOR SMOKEHOUSES, AND BURNT ON CARBON. FOR HEAVY PROTEIN, FAT AND GREASE REMOVAL.
- NOT FOR USE ON ALUMINUM OR GALVANIZE.
- A POWERFUL, WELL BALANCED COMPOUND REQUIRING ONLY WATER.
- FAST CLEANING — QUICK RINSING.

DIRECTIONS — FOR HEAVY-DUTY CLEANING. Use 6 to 10 ounces SMOKE-OFF per gallon of hot water. For 50 gallons of solution, fill drum about 1/4th full with cold water. Add about 20 pounds of SMOKE-OFF, dissolve and fill drum with hot water. Apply through a pressure sprayer after a thorough rough down. Rinse well with potable water.

FOR FOAM: Prepare as above, using the same amount of SMOKE-OFF, and when the drum is almost filled, add 1 to 2 quarts of LIQUIK 2 and apply as foam. This will shorten the time of application and protect the operator.
