DIRECTIONS FOR USE

Mix one gallon of TRIGGER in ten gallons of water. Uniformly spray this mixture over 1,000 square feet of soil surface. Thoroughly wet all foliage to insure contact action. Best results are obtained when applications are made during or soon after weed emergence while growth is succulent. Where vegetation is tall and dense use 1½ gallons of TRIGGER in ten gallons of water. Although TRIGGER will burn plant foliage, much of its activity is through the roots and therefore adequate rainfall to move the chemical into the root is necessary.

Under conditions where the rainfall is high and the growing season long, a second application may be necessary to maintain a weed-free soil surface.

Care must be taken to keep this herbicide away from desirable flower beds, lawns and shrubs. Do not apply over roots of valuable trees, or woody ornamental plants. Only apply herbicide outside of the drip line of trees.

NET CONTENTS _____ GALLON

E. P. A. No. 10155-14

ACTIVE INGREDIENT

2,4-bis(isopropylamino)-
6-methoxy-s-triazine* . . . 3.73%
INERT INGREDIENTS:96.27%
TOTAL 100.00%

*Pramitol[®], a registered trademark of CIBA-GEIGY Corporation.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid contact with eyes and skin. In case of skin contact, wash with soap and water. Avoid inhalation of spray mist. Avoid contamination of food and feed.

Do not reuse container. Destroy when empty. Do not use or store near heat or open flame. Store at temperatures above 32°F.

WARNING:
DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

Manufactured by
GLOBE CHEMICALS, INC.
45 Burbank Dr.
Toledo, O

CAUTION

Avoid contact with skin. In case of skin contact, wash with soap and water. Avoid contamination of feed and food-stuffs. Do not use or store near heat or open flame. Do not contaminate water used for irrigation or domestic purposes. Do not store near fertilizers, seeds, insecticides or fungicides.
