PROKIL METHY LOG 83, PARATHION 5

- DIRECTIONS FOR USE -

PROKIL METHYL PARATHION-5 is an emulsible solution containing 5 pounds methyl parathion per gallon, for use in the control of certain insects and mites as specified. This product is for use only by thoroughly trained operators familiar with the handling of hazardous insecticides and is to be applied only by power sprayers or by aircraft. When applied use sufficient water for good coverage: By Aircraft 5-10 gallons per acre; and by ground equipment 20 or more gallons per acre.

READ ENTIRE LABEL. Use strictly in accordance with dangers, cautions, warnings, and directions, and with applicable State and Federal Regulations. Timing and dosage vary greatly between districts, as a consequence of local weather or conditions. Always follow the recommendations of State Agricultural Extension Service concerning specific usage.
