Ms. Elizabeth Codrea
Gowan Company
P.O. Box 5569
Yuma, AZ 85366

Dear Ms. Codrea:

Subject: Amended Directions For Use On Potatoes
Prokil Cryolite
EPA Registration No. 10163-41
Supplemental Labeling Submitted May 6, 1993

The Agency is conditionally approving the subject labeling amendment to the registration of the above-referenced product. This label amendment revises the current directions for use on potatoes as approved by the Agency in our letter of May 5, 1993. During the period that this amendment is effective, it will be subject to the same conditions cited in the Agency's letter of May 5, 1993.

This conditional registration for use on potatoes will expire automatically on September 30, 1995. Sale and distribution of the subject product bearing labeling for use on potatoes after September 30, 1995, will be illegal. The tolerance authorizing residues of the subject product in potatoes will expire automatically on May 5, 1996.

Submit two (2) copies of your final printed labeling before you release the product for shipment bearing the subject amended labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

As explained in our letter of May 5, 1993, if the Agency finds that the required data are acceptable, EPA will consider an application to amend the registration of the subject product to allow use on potatoes without any special time restriction on the duration of the amendment should it receive such application.

2 9 3

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

Robert A. Forrest
Product Manager (14)
Insecticide-Rodenticide Branch
Registration Division (7504C)

ACCEPTED
with COMMENTS
in EPA Letter Dated

MAY 1 - 1994

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.

10163-41

SUPPLEMENTAL LABELING

Not for sale, distribution or use on potatoes after September 30, 1995.

PROKIL Cryolite 96

(Sodium aluminofluoride)

EPA Reg. No. 10163-41

DIRECTIONS FOR USE - POTATOES

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product through any type of irrigation system.

PEST	RATE (LBS/A)	INSTRUCTIONS
Colorado potato beetle	10 - 12	Apply by air in a minimum of 4 gallons of water per acre or by ground in 25-100 gallons of water per acre at a minimum of 7 day intervals. Do not apply more than 96 pounds of Prokil Cryolite 96 per acre per season. May be applied up to the day of harvest. Application to exposed tubers may result in excess residues.

BEST AVAILABLE COPY

Observe all applicable precautions, directions and limitations on the EPA registered label.

This label must be in the possession of the user at the time of pesticide application.
