STATEMENTS OF PRACTICAL TREATMENT

N-Methyl Carbamate

- IF SWALLOWED:** Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting.
 - IF ON SKIN:** Wash with plenty of soap and water. Get medical attention if irritation persists.
 - IF IN EYES:** Flush with plenty of water. Call a physician if irritation persists.
 - IF INHALED:** Remove victim to fresh air. If not breathing, give artificial respiration, preferable mouth-to-mouth. Get medical attention.
- FOR EMERGENCY RESPONSE AND HAZARD COMMUNICATIONS ONLY, CALL 1-800-228-5635 EXT. 283.**

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

May be harmful if swallowed, inhaled or absorbed through the skin. Avoid contact with eyes, skin, or clothing. Do not contaminate feed or food. Keep out of reach of children and domestic pets.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and very highly toxic to birds and mammals. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Runoff from treated areas may be hazardous to aquatic organisms in adjacent aquatic sites. Do not contaminate water when disposing of equipment washwaters and rinsates.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with the labeling. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

FOR PEST CONTROL

CAUTION: Do not use around food crops.

Mesuro! 2% Bait is very effective for the control of slugs, snails and sowbugs; and to aid in control of millipedes around the home and in flower gardens. The bait should be broadcast over plant foliage (except California) or applied to soil around plants. Sprinkle 1 pound of Mesuro! 2% Bait uniformly over 1000 square feet of area to be treated. For best results lightly water the area to be treated before applying the bait. When making applications, special attention should be given to treating areas around flower beds and around building foundations. Should not be applied more than twice per year.

RESTRICTIONS

Do not use on plants grown for food. Do not put bait in piles. Scatter bait so that it is hardly visible on the ground.

STORAGE AND DISPOSAL

DO NOT contaminate water, food or feed by storage or disposal.
HOUSEHOLD: Do not reuse empty container. Securely wrap original container in several layers of newspaper and put in trash collection.
PESTICIDE DISPOSAL (Except Household): Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
CONTAINER DISPOSAL (Except Household): Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.
STORAGE: Store in a cool, dry place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food, and feed. Store in original container and out of the reach of children, preferably in a locked storage area.
Handle and open container in a manner as to prevent spillage. If the container is leaking or material spilled for any reason or cause, carefully sweep material into a pile. Refer to Precautionary Statements on label for hazards associated with the handling of this material. Do not walk through spilled material. Material that cannot be used as directed should be disposed of as directed above. In spill or leak incidents, keep unauthorized people away.
