Your Submission date, April 26, 2002

Your application for amended registration referred to above for EPA Reg. No. 10163-265, dated April 26, 2002, has been reviewed and is considered acceptable provided you modify your proposed labeling for the label as indicated below.

You must submit a full label to the Agency that will incorporate the new language. It is the policy of IRB not to stamp supplemental labels. Due to the urgency of the matter we will overlook the policy just this one time. You have 30 days to submit a full label. Upon doing so, you will then receive an "accepted" stamp for your label. If there are questions, call me at 703 305-5409.

Sincerely,
