Subject: Amendment to Supplemental Label – update due to company transfer
Weed Control in Seedling Alfalfa During Establishment
Product Name: Treflan TR-10
EPA Registration Number: 10163-362
Application Date: February 26, 2018
Decision Number: 540170

Dear Ms. Smith:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable. This approval is only for a supplemental label that is an addendum to the master label. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

This supplemental labeling contains some new and/or revised uses and/or directions which may be additional to the uses and/or directions found on the label on or attached to the container, but this supplemental labeling does not by itself constitute the complete set of use directions. The complete set of use directions is set forth on the container label as combined with this supplemental labeling.

A stamped copy of your labeling is enclosed for your records. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Mindy Ondish by phone at 703-605-0723 or by email at ondish.mindy@epa.gov.

SUPPLEMENTAL LABELING

Treflan® TR-10
 Granular Herbicide

This supplemental label expires on December 31, 2022, and must not be used or distributed after this date.

ACTIVE INGREDIENT:	% BY WT.
trifluralin: α, α, α -trifluoro-2,6-dinitro-N,N-dipropyl-p-toluidine	10%
Other Ingredients	90%
Total	100%

Contains 5 lb of active ingredient per 50 lb bag

KEEP OUT OF REACH OF CHILDREN
CAUTION / PRECAUCION

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.
 (If you do not understand the label, find someone to explain it to you in detail.)

DIRECTIONS FOR USE

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- Read the label affixed to the container before applying.
- Use of this product according to this labeling is subject to the use precautions and limitations imposed by the label affixed to the container.
- This labeling must be in the possession of the user at the time of pesticide application.

Weed Control in Seedling Alfalfa During Establishment

Treflan TR-10 may be applied as a preplant incorporated treatment for preemergence control of labeled weeds in seedling alfalfa. Apply and incorporate prior to planting according to product label directions.

Broadcast Application Rates:

Soil Texture	Treflan TR-10 (pounds/acre)
Coarse	5.0
Medium	5.0 – 7.5*
Fine	7.5

*Use lower rate in rate range in areas receiving less than 20 inches of rainfall and irrigation.

Precautions: Some crop stand reduction and stunting may occur with this use of Treflan TR-10, however, reduced weed completion will allow establishment of a quality stand.
