SEPTICIDAL - D D

Detergent, Sanitizer
Deodorant, Disinfectant

ACTIVE INGREDIENTS:

Sodium Carbonate (Soda Ash) -----	3.0%
n-Alkyl (50% C ₁₂ , 30% C ₁₄ , 17% C ₁₆ , 3% C ₁₈)	
dimethyl ethylbenzyl ammonium chlorides -----	1.6%
n-Alkyl (60% C ₁₄ , 30% C ₁₆ , 5% C ₁₂ , 5% C ₁₈)	
dimethyl benzyl ammonium chlorides -----	1.6%
INERT INGREDIENTS -----	93.8%

PHENOL COEFFICIENTS:

S. Typhosa	20
S. Aureus	30

USDA Reg. No. 10170-1
Contents: ½ gallon

Manufactured by
MIDWEST BIOCHEMICAL CORP. MILWAUKEE, WISCONSIN

CAUTION: KEEP OUT OF REACH OF CHILDREN. See other warnings on left panel.

(LEFT PANEL)

DIRECTIONS FOR USE:

Use 1 ounce SEPTICIDAL - D D per gallon of water(250 ppm active quaternary) for general cleaning and sanitizing of hard surfaces.
Use 2 ounces SEPTICIDAL - D D per gallon of water(500 ppm active quaternary) for cleaning, disinfecting and deodorizing hard surfaces.
If heavy soil or organic matter is present, rinse all surfaces and repeat above.

CAUTION: SEPTICIDAL - D D is a concentrated product and should be diluted before using. Do not allow to come in contact with food. It should not be mixed with soap or other anionic detergents which are incompatible. Avoid getting in the eyes. In case of contact with eyes, wash thoroughly with water. If irritation persists, get medical attention. Avoid skin contact with concentrate.

(RIGHT PANEL)

HOW SEPTICIDAL - D D WORKS:

SEPTICIDAL - D D is a concentrated balanced formulation containing a positive deodorizer, non-ionic detergent and builders. This combination makes SEPTICIDAL - D D a most efficient product for cleaning, disinfecting and deodorizing in one labor-saving operation.

WHERE TO USE:

SEPTICIDAL - D D should be used at regular intervals to thoroughly clean, deodorize, sanitize, and disinfect floors, urinals, walls, telephones, furniture, garbage pails, refrigerators, diaper pails, show stalls, venetian blinds, and other similar articles and areas that require general cleaning.

SEPTICIDAL - D D

DETERGENT - SANITIZER

DEODORANT - DISINFECTANT

RECOMMENDED SEPTICIDAL - G P DILUTIONS

After cleaning, use one ounce SEPTICIDAL - G P to 4 gallons of water for sanitizing Milking Machines, Milk Cans, Dishes, Glasses, Cutlery and Food Processing Equipment. For all food processing applications outside of restaurants and bar applications, a rinse with potable water just before the equipment is to be reused is recommended.

This solution is effective in water containing up to 850 ppm hardness.

To disinfect floors, walls surfaces, in hospitals, institutions, public rooms, homes, industrial areas, after cleaning, use 1 oz. SEPTICIDAL - G P to 2 gallons of water. To disinfect surgical, barber shop and beauty parlor equipment, first clean and remove all adhering blood and serous exudates then treat with a solution containing 2 1/2 oz. SEPTICIDAL - G P to 2 gallons water. For surgical instruments, it is advisable to add 1 tablespoon of sodium nitrite per gallon of solution as a corrosion inhibitor.
