**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **READ THE ENTIRE LABEL BEFORE USING THIS PRODUCT. USE ONLY ACCORDING TO LABEL INSTRUCTIONS AND OBSERVE ALL PRECAUTIONS.**

DYNASTY is a ready-to-use product for nonselective weed control. DYNASTY can be used to control weeds around trees, ornamentals, shrubs, fences; along walkways, patios, driveways; in sidewalk cracks, and in flower beds; and to spot control weeds in lawns.

DYNASTY is a systemic herbicide. It is absorbed by plant leaves and carried throughout the plant stems and roots to give complete control of tough annual and perennial weeds and grasses. Spraying DYNASTY on soil will not affect the roots of desirable plants.

**DO NOT SPRAY DYNASTY ON DESIRABLE PLANTS.** Dynasty will control all plants contacted, so care should be taken to avoid getting spray on desirable plants. If desirable plants are accidentally sprayed, rinse off immediately with water.

**WHEN TO APPLY:** Apply any time weeds and grasses are actively growing. Weed control is best on young, newly growing weeds. Avoid mowing, cutting or otherwise disturbing sprayed vegetation for at least 7 days.

Avoid spraying during windy conditions. Avoid spraying if rain or irrigation may occur within 6 hours.

People and pets may reenter treated areas immediately after the spray has dried.

**HOW TO APPLY:** Apply as a coarse spray. Position sprayer tip approximately 1-2 feet from weeds, grasses, and undesirable plants. Apply until completely covered. Sprayed plants usually show effects within 3 days and complete control in 2 to 4 weeks. Retreat if regrowth occurs.
