SUPPLEMENTAL LABEL - PRECAUTIONARY LABELING APPLE PHYTOTOXICITY

Abound® Flowable Fungicide

EPA Reg. No 10182-415

NOTIFICATION

FEB 26 1999

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use of ABOUND Flowable Fungicide is prohibited in Nassau and Suffolk counties in New York State.

ATTENTION

ABOUND Flowable is extremely phytotoxic to certain apple varieties.

AVOID SPRAY DRIFT. Extreme care must be used to prevent injury to apple trees (and apple fruit).

DO NOT spray ABOUND Flowable where spray drift may reach apple trees.

DO NOT spray when conditions favor drift beyond area intended for application. Conditions which may contribute to drift include thermal inversion, wind speed and direction, sprayer nozzle/pressure combinations, spray droplet size, etc. Contact your State extension agent for spray drift prevention guidelines in your area.

DO NOT use spray equipment which has been previously used to apply ABOUND Flowable to spray apple trees. Even trace amounts can cause unacceptable phytotoxicity.

AVOIDING SPRAY DRIFT IS THE RESPONSIBILITY OF THE APPLICATOR.

All applicable directions, restrictions and precautions on the EPA-registered product label are to be followed.

This labeling must be in the possession of the user at the time of pesticide application.

Abound® is a trademark of a ZENECA Group Company.
