

10,5-12

PRODUCT B is a fast dissolving stabilized chlorine germicide and algicide.

DIRECTIONS

Recommended Dosage: Initially the pool should be treated with repeated dosages of 1 to 1 1/2 oz. wt. of PRODUCT B for each 10,000 gallons of pool water. To satisfy the chlorine demand of the water, 1 oz. wt. of PRODUCT B per 10,000 gallons of water will supply approximately 0.4 PPM available chlorine. The chlorine residual level of 0.6 to 1.0 PPM of chlorine residual is indicated.

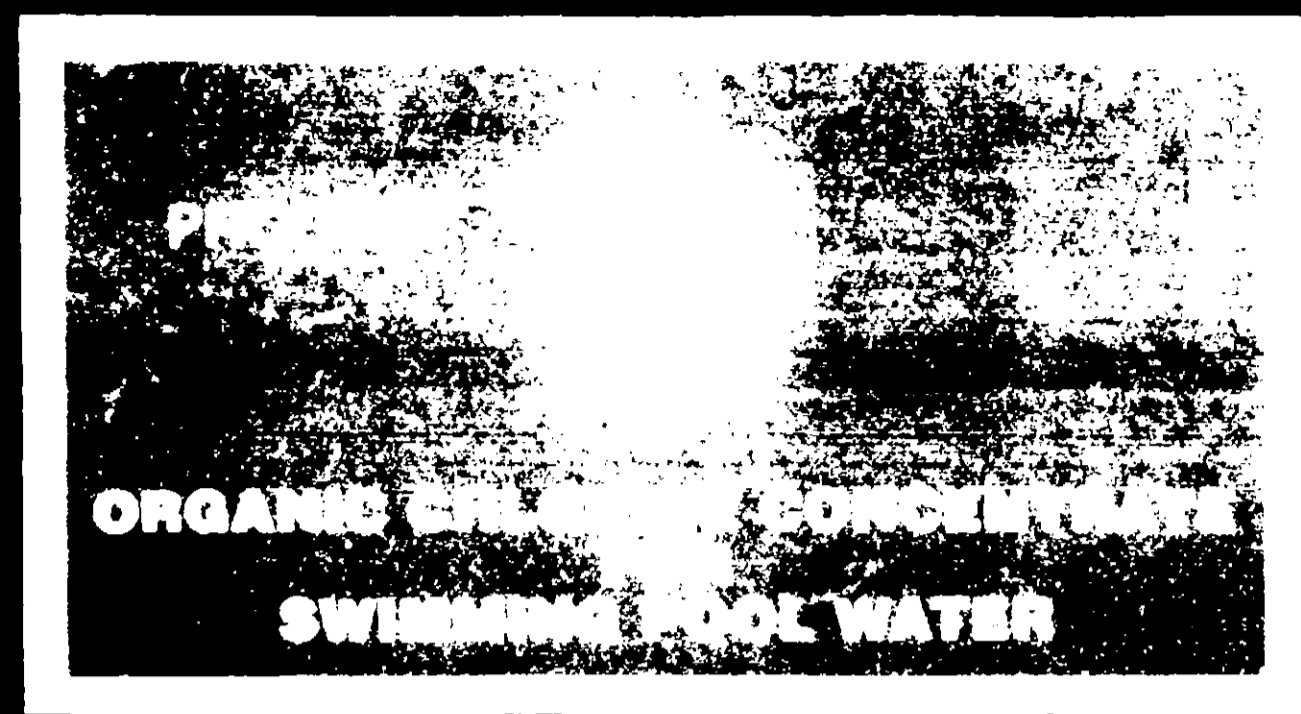

Apply the product evenly to the water surface. Do not use in a swimming pool if the water is cloudy or if the water is being treated with other chemicals. Do not use in a swimming pool if the water is being treated with other chemicals. Do not use in a swimming pool if the water is being treated with other chemicals.

CAUTION
Irritating Material. May be fatal if swallowed. Contact with combustible material may cause fire or decomposition. May cause irritation of skin, eyes, nose and throat. Dust may be harmful if inhaled. Moisture contamination may liberate irritating and hazardous chlorine-containing gases. Keep away from open flames, heaters, other heat sources. Rinse empty container thoroughly with water and discard. Do not burn.

In case of personal contact - remove excess material and flush skin or eyes with cold water for at least 15 minutes. For eyes, get medical attention. Clean contaminated clothing before reuse.

EPA Reg. No. 10183-12

PRODUCT A is a versatile cleaner and stain remover for every cleaning job around your swimming pool.

DIRECTIONS

PRE-SEASON CLEANING: Periodically it is advisable to completely drain and clean a swimming pool. Consult your pool builder or manufacturer as to how often. Once the pool is empty, scrub walls using 2 cups of PRODUCT A in a pail of water. Rinse thoroughly and refill the pool.

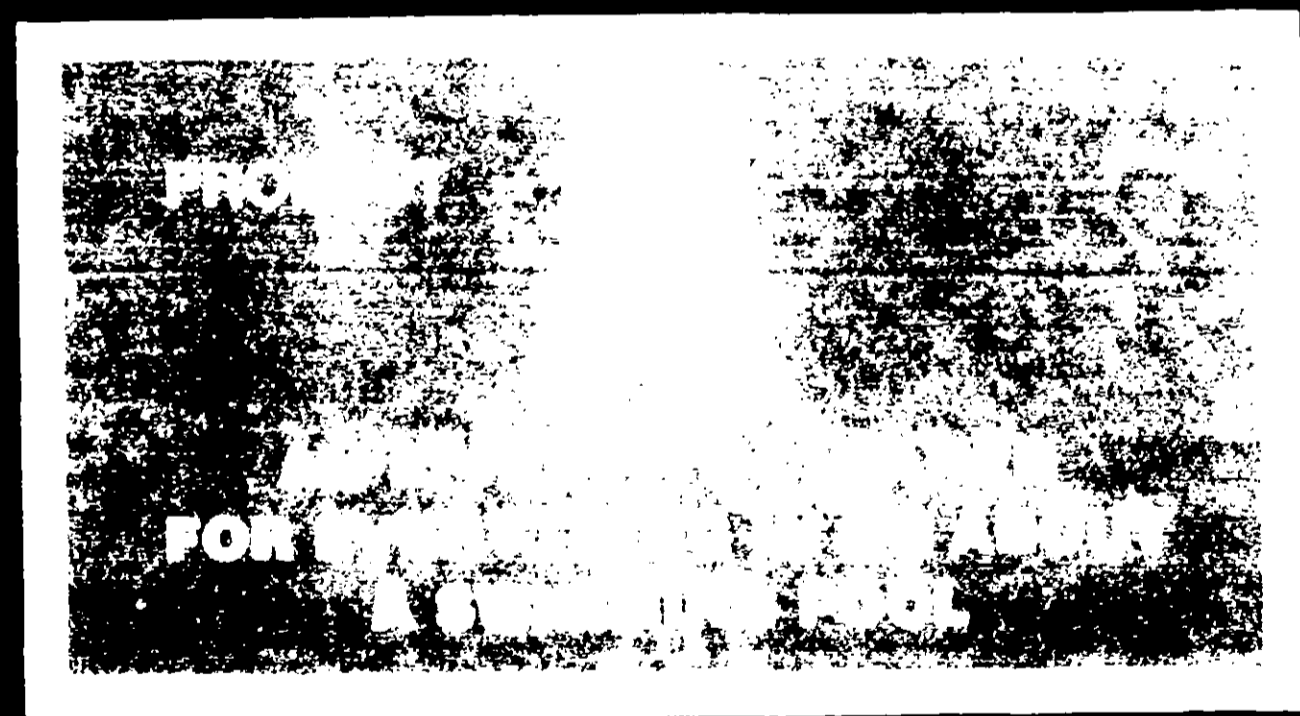

GENERAL MAINTENANCE: For pool walls where dirt accumulates due to body oil and suntan lotion, lower the water level to 6 inches below the area to be cleaned. Dilute 3 cups of PRODUCT A in a pail of water. Sponge or scrub unclean area. Refill pool to normal level.

PRODUCT A will also remove stains from vinyl accessories, pool toys and lawn furniture. Dilute 2 cups of PRODUCT A in a pail of water for this purpose.

CAUTION

Avoid contact with eyes. In case of eye contact flush with plenty of water.
