ACCEPTED

DEC 13 1966

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No.

SALUBRITE^{T.M.}

Chlorinated Detergent

WHERE TO USE SALUBRITE

SALUBRITE is a nonfoaming powdered chlorinated cleanser for manual, soak tank, spray washing and circulation cleaning. High in sequestering ability and free rinsing, it is recommended for cleaning and brightening stainless steel, aluminum, steel, nickel, copper, brass, chrome and plastic surfaces.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labelling. **General Cleaning:** For best results, first remove excess soils and organic matter by flushing with steam or hot water. Wet down surface thoroughly with SALUBRITE solution to achieve optimum sanitizing. As a suggested guide in preparing solutions, where specific amounts of chlorine are required, use the following table:

Salubrite Concentration	Available Chlorine	Use
1/2 oz./gallon	100 ppm	General Sanitizing
3 oz./gallon	400 ppm	Cleaning and minimizing odor in plumbing

For sanitizing purposes, solution strength should not be allowed to fall below 50 ppm. After cleaning with SALUBRITE, surfaces must be rinsed with potable water.

Cleaning of Dental Evacuator Systems: Regular use twice weekly will minimize accumulation of debris and odor within hoses and plumbing. Dissolve 3 ounces in one gallon of warm water (continued on right panel.)

Authorized By USDA For Use In Federally Inspected Meat And Poultry Processing Plants

ACTIVE INGREDIENTS:

Sodium Dichloro-s-triazinetrione 3.0%

INERT INGREDIENTS: 97.0%

EPA REGISTRATION NO. 10190-2
EPA Est. 10190-NJ-01

KEEP OUT OF REACH OF CHILDREN
DANGER

Precautionary Statements

Hazards to Humans and Domestic Animals

DANGER: CORROSIVE. CAUSES EYE AND SKIN DAMAGE.

Do not get in eyes, on skin or on clothing. Wear goggles and rubber gloves when handling. Harmful or fatal if swallowed. Avoid breathing dust. Wash thoroughly with soap and water after handling.

and stir well until completely dissolved. Draw a total of one quart of the solution through the high volume hose and sliivejector. Rinse system with water.

STORAGE AND DISPOSAL

STORAGE: Keep container closed when not in use. Do not store below 32° F. or above 100° F.

DISPOSAL: Do not contaminate water, food or feed by storage or disposal or cleaning of equipment. In case of spill, flood area with water, washing to sewer or pick up and store in a collection vessel. Wastes resulting from use of this product may be disposed of on site or at any approved waste disposal facility. Triple rinse empty container. Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill. Plastic containers may be incinerated, or if allowed by local authorities, burned. If burned, stay out of smoke.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Drink promptly a large quantity of water. Do not induce vomiting. Avoid alcohol. Get medical attention.

If In Eyes: Flush with plenty of water for 15 minutes. Get medical attention.

If On Skin: Wash with plenty of soap and water. Get medical attention if irritation persists.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.
