Attention: Melanie Meehan

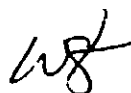

Subject: Pinetee Fine-Type Disinfectant
E.P.A. Registration No.: 10204-1
Your amendment of May 25, 1990

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. A stamped copy is enclosed for your records. Five copies of the finished labeling must be submitted before you release the product for shipment.

1. Add the word "Precautionary Statements" before "Caution: Poisonous If Taken Internally."

Should you have questions call Arvella Farmer at 703-557-6939.

Sincerely yours,

Walter C. Francis
Acting Product Manager (32)
Antimicrobial Program Branch

EPA Est.
No. 10204-SC-01

EPA Registration
No. 10204-1

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide
registered under EPA Reg. No.

MARKO NINETEEN PINE-TYPE DISINFECTANT

10204-1

A fragrant bactericide and germicide with refreshing pine scent.
Phenol Coefficient = 5 20° C. (AOAC Method)
Limited disinfectant against odor causing bacteria.

ACTIVE INGREDIENTS :

Sodium Chloro-ortho-phenylphenate.....	3.90%
Pine Oil.....	17.00%
INERT INGREDIENTS.....	79.10%
TOTAL	100.00%

DIRECTIONS FOR USE : It is a violation of Federal law to use this product in a manner inconsistent with labeling. Always dilute with water before using. For maximum efficiency, clean surfaces well before applying disinfectant solution, and make sure solution comes in contact with all contaminated areas. Use warm water when possible. As a general disinfectant, apply a solution of 1 part Disinfectant to 100 parts water. Let this remain on surfaces for several minutes. **LOCKER ROOMS, URINALS, TOILET SEATS, SINKS, FLOORS, ETC.:** Clean thoroughly and apply a solution of 2 oz. disinfectant, per gallon of water. **As A Deodorant Spray:** Use 2 oz. Disinfectant to each gallon of water. **As A Germicidal Rinse:** Use 2-4 oz. per gallon of water. Leave in contact with articles to be disinfected for several minutes. Effective for floors, walls, equipment and bathroom fixtures.

CAUTION: POISONOUS IF TAKEN INTERNALLY.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: Corrosive: can cause eye damage and severe skin irritation. Do not get in eyes, on skin, or on clothing. To protect eyes, wear goggles or face shield when handling. To protect skin, wear rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

PHYSICAL AND CHEMICAL HAZARDS: Do not use on polished wood furniture.

ENVIRONMENTAL HAZARDS: Do not contaminate water, food, or feed.

STATEMENT OF PRACTICAL TREATMENT: If Swallowed: Drink promptly a large quantity of water. Do not induce vomiting. Avoid alcohol. Get medical attention. If In Eyes: Flush with plenty of water for 15 minutes. Get medical attention. If On Skin: Wash with plenty of soap and water. Get medical attention if irritation persists.

STORAGE: Store in a cool, dry area away from direct heat or cold. Store in original container. Keep container closed when not in use. If spilled or leaking, wipe up with rags and dispose of as specified under disposal.

DISPOSAL: Do not contaminate water, food or feed by disposal. Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your state pesticide or environmental control agency, or the hazardous waste representative at the nearest EPA office for guidance. Do not reuse container. Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**KEEP OUT OF REACH OF CHILDREN
CAUTION**
