

# Marko

MARKO 1185

## 100% ACTIVE INSECTICIDE CONCENTRATE

For Use Against Flying and Crawling Insects

Use in Restaurants, Hotels, Bars, and Other Public Places

10204-7

**DIRECTIONS:**  
1. Mix 1 part of Marko with 9 parts of water. Spray thoroughly on all surfaces where insects are present. Repeat treatment as necessary.  
2. For use in restaurants, hotels, bars, and other public places, use as a space spray. Apply only when food is not being served.  
3. Do not use on food or food processing surfaces. Thoroughly clean these surfaces before using the product as a space spray.  
4. Avoid contact with eyes, nose, and mouth. If contact occurs, flush with water.  
5. Keep out of reach of children.  
6. Do not use in areas where food is being prepared or served.

**CAUTION:** Use as directed. Do not burn. Do not use near open flames or fire. Avoid contamination of food and food staff. If swallowed, get medical attention.

NEVER USE IN AREAS WHERE FOOD IS BEING PREPARED OR SERVED.  
MANUFACTURED SOLELY BY MARKO CHEMICAL, INC.  
P. O. BOX 2894, COLUMBIA, S. C. 29302

**CAUTION—Keep Out Of Reach Of Children—CAUTION**

Additional instructions (not printed on label):  
Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or should be thoroughly cleaned before using. When using the product as a space spray in these areas, apply only when food is not being prepared.
