

DANGER!

Corrosive: May be fatal if swallowed. Do NOT breath vapor or fumes. May produce chemical burns. Do not get in eyes, on skin, or on clothing.

Dispose of empty bottles by rinsing with water and placing in trash container

ACTIVE INGREDIENTS:

Hydrogen Chloride

INERT INGREDIENTS:

Water, Isooctyl phenoxy polyethanol and Styrene-Acrylic Copolymers

ANTIDOTES:

INTERNAL: Drink a teaspoonful or more of magnesia, chalk whitening or wall plaster or small pieces of soap softened with water, in milk, mucilage or raw egg white.

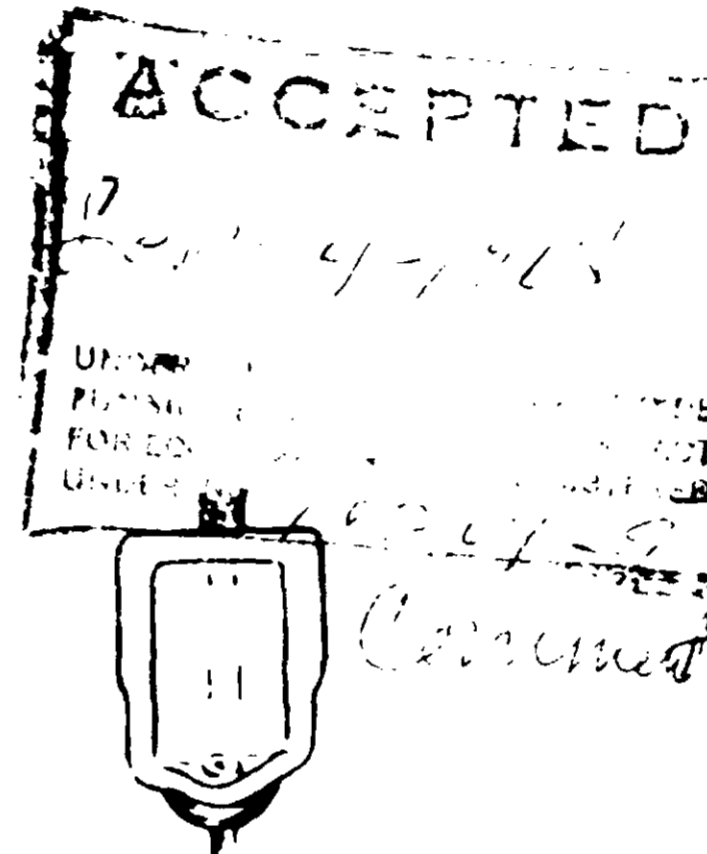

EXTERNAL: Wipe the acid off gently, immediately flood the surface with water, using soap freely, then cover with moist magnesia or baking soda. Remove spillage in same manner.

CALL A PHYSICIAN in case of ingestion or injury.

Do not use on baked enamel; sinks or tubs! Ingredients in MARKO SOL will not harm septic tanks!

DANGER

POISON

DIRECTIONS

TOILET BOWLS: Drain water from bowl. Place swab mop in bowl and saturate mop with 2 to 4 ounces of bowl cleaner. Swab over entire inside surface of bowl, especially covering under rim of bowl. Rinse by flushing toilet thoroughly. Rinse mop when finished. If very discolored, allow solution to remain for about 15 minutes before flushing.

TO DISINFECT: Pour 2 to 4 ounces into bowl free of water. Swab entire area of bowl under rim and also cover and seat with bowl cleaner. Rinse well all areas covered with solution. If very discolored allow solution to remain for about 15 minutes before flushing.

URINALS: TO CLEAN AND DISINFECT: Put swab mop in urinal over trap and saturate mop with bowl cleaner. Thoroughly wet entire surface of urinal with bowl cleaner, taking care to swab at water outlet, at top of urinal and into all grooves. Remove screen at trap and pour 2 to 4 ounces bowl cleaner around opening of drain and into outlet. Reach swab down into drain. Rinse by thoroughly flushing.
