ROCKWOOD BRAND

DIRECTIONS FOR USE

Under the Federal Insecticide, Fungicide, and Rodenticide Act, registered for the pesticide use specified under EPA Reg. No. 10226-14

"Little Pebbles"

CONTAINS

®DI-SYSTON 6.5% - ®TERRACLOR 6.5%

ACTIVE INGREDIENTS:

O, O-Diethyl s-[2-(ethylthio) ethyl phosphorodithioate 6.5%

Pentachloronitrobenzene 6.5%

INERT INGREDIENTS 87.0%

Total 100.0%

® Disyston - U.S. Patent No. 2,759,010

® Terraclor - Product of Olin Corporation

DANGER

POISON

KEEP OUT OF REACH OF CHILDREN

NOTE TO PHYSICIAN: "Antidote" - Administer atropine sulfate in large therapeutic doses. Repeat as necessary to the point of tolerance. Compound inhibits cholinesterase resulting in stimulation of the central nervous system, the parasympathetic nervous system and the somatic motor nerves. Do not give morphine. Watch for pulmonary edema, which may develop in serious cases of poisoning even after 12 hours. At first sign of pulmonary edema the patient should be placed in an oxygen tent and treated symptomatically. 2-PAM chloride is also a good antidote and may be administered in conjunction with atropine.

DANGER: Poisonous if swallowed, inhaled, or absorbed through the skin. Rapidly absorbed through the skin. Do not get in eyes or on skin. Do not breathe dust. Wear protective clothing, goggles and natural rubber gloves. Do not wear the same gloves for other work. Rubber gloves should be washed with soap and water after each use. Wear mask or respirator approved by the U.S. Bureau of Mines for adequate protection against this material.

Do not contaminate feed or food. Keep out of reach of children. Keep all unprotected persons out of the operating area or vicinity. Wash hands, arms and face thoroughly with soap and warm water before eating or smoking. Wash all contaminated clothing with soap and hot water before re-use.

This product is toxic to fish, birds and other wildlife. Birds and other wildlife in treated areas may be killed. Keep out of lakes, streams or ponds. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

Do not re-use empty containers. Destroy by burying with waste or burning. Stay away from smoke and fumes.

SYMPTOMS OF POISONING: A sense of "tightness" in the chest. Sweating. Contracted pupils. Stomach pain. Vomiting and diarrhea.

TREATMENT: In case of poisoning call a physician immediately. Have patient lie down and keep quiet. If swallowed, induce vomiting by giving a tablespoon of salt in a glass of warm water. Administer milk or water freely and again induce vomiting until vomit fluid is clear. If on skin, remove contaminated clothing and wash skin immediately with soap and warm water. If eyes are contaminated, wash with flowing water for a least 15 minutes.

"Little Pebbles" is a combination of a systemic insecticide and a fungicide for use in protecting seedling cotton from early season insects (Aphides, Mites, and Thrips) and Rhizoctonia solani (damping off).

COTTON: For the control of Rhizoctonia induced damping off, seedling blight, seedling rot, root-rot, aphids, mites and thrips use 14.37 lbs. per 12,500 linear feet of row as a soil treatment (1.15 lbs. per 1000 ft. of row). Apply in furrow over seed and surrounding soil at planting time. Do not feed or grass foliage. Do not plant any root crop not registered for Terraclor in rotation on Terraclor treated soil.

IMPORTANT: When using this product on cotton at the maximum recommended rates under adverse conditions such as extremely cool and wet weather, this material may cause some delay in emergence or stunting of seedlings may occur and result in a reduction of stand. Injury may be more pronounced to light sandy soils. Damage to seedling may also occur when this product is used in conjunction with certain pre-emergent herbicides.

NOTICE: Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of ROCKWOOD CHEMICAL COMPANY, no guarantee, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practice. The buyer must assume all responsibility, including injury or damage, resulting from its misuse as such, or in combination with other materials.

PROTECTIVE CLOTHING: During mixing/loading procedures gloves, long sleeved shirt, long pants, socks and shoes must be worn.
