USE DIRECTIONS

Use at 2 ounces per gallon. This product will be effective against Pseudomonas aeruginosa PRD-10 at this level. This has been substantiated by the AOAC Use Dilution Confirmation Test. At this level, AKTINOL is fungicidal against pathogenic fungi.

For best results, use AKTINOL with a cloth or mop and apply to walls, floors and other hard surfaces. Rinse all food contact surfaces thoroughly with potable water.

If used for sanitization of previously cleaned food equipment or food contact items, limit the level of active quaternary to 200 ppm. (2.8 ounces per 5 gallons.) No rinse required at this level.

For heavy soil or organic matter, a precleaning step is recommended.

PHENOL COEFFICIENTS:

Guaranteed Minimum
S. aureus 42
S. typhosa 27

Rinse empty container thoroughly with water and discard it.

CUTS GREASE. Use 1 ounce AKTINOL to 1 quart boiling water to open grease clogged laundry, kitchen or bath drains.

Avoid Freezing

Rinse empty container thoroughly with potable water.

When used for sanitization of previously cleaned food processing equipment and food contact items, limit active quaternary to 200 ppm. At this level, No Potable Water Rinse is required.

DANGER

Keep out of reach of children. Corrosive. Causes eye damage and skin irritation. Do not get in eyes or skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink plenty of water for at least 15 minutes. For eyes, call a physician immediately.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.
