ALGAECIDE CONCENTRATE NF

UNDER THE FEDERAL INSECTICIDE
ACT AND REGULATIONS THEREUNDER
REGISTERED IN THE OFFICE OF
REGISTRATION AND CHEMICAL SAFETY
EPA REG. NO. 11290-8

COMPOSITION

Active ingredients:

Poly[oxyethylene(dimethyliminio)ethylene- (dimethyliminio)ethylene dichloride]	10.0	percent
Inert ingredient	90.0	percent

APPLICATIONS

Algaecide Concentrate NF is used to control the growth of algae in swimming pools. For maximum effectiveness, pools containing heavy growth of algae should be cleaned prior to using **ALGAECIDE CONCENTRATE NF**.

For pools having just visible algae growth add an initial dose of 75 to 115 fl. oz. of **ALGAECIDE CONCENTRATE NF** per 10,000 gal. of water and remove settled algae debris by cleaning.

For treatment of a freshly cleaned and filled pool, add initially 41 to 75 fl. oz. of **ALGAECIDE CONCENTRATE NF** per 10,000 gal. of water.

To maintain pools free of visible algae growth, subsequent additions of 13.5 to 27 fl. oz. of **ALGAECIDE CONCENTRATE NF** per 10,000 gal. of water should be made every 5 to 7 days after the initial treatment.

Uniform distribution of **ALGAECIDE CONCENTRATE NF** throughout the water in the pool is necessary for maximum effectiveness.

ALGAECIDE CONCENTRATE NF is compatible with those chemicals normally used to treat pools and is effective at both acid and alkaline pH. **ALGAECIDE CONCENTRATE NF** can be used in pools treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix **ALGAECIDE CONCENTRATE NF** with concentrated dry or liquid chlorine products.

CAUTION

KEEP OUT OF THE REACH OF CHILDREN

Harmful if swallowed. Do not get in eyes. Avoid contact with skin. In case of contact flush with plenty of water for at least 15 minutes. If eye irritation persists get medical attention. Avoid contamination of food.

Do not reuse empty drum. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place away from water supplies.

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water. Apply this product only as specified on this label.
