

ACCEPTED  
with COMMENTS  
in EPA Letter Dated:

FEB 13 1983

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, the following pesticide is registered for use as follows:

10292-20

**MORE**  
than just a  
urinal screen!

Uni-tab® is a *Complete* urinal maintenance system in a disposable one-piece unit. So unique, it's patented, U.S. Patent #3,824,633.

Each time the fixture is flushed, a pre-measured amount of chemical compounds and powerful cleansers is released that descale, delime, prevents bacterial growth and deodorizes the fixture and drain lines. Uni-tab® attacks urinal odor **two ways**: by removing the source of the odor, uremic salts that accumulate in the drain, and by dispensing a mild, pleasant scent. Uni-tab® also helps keep the drain lines clear and free-flowing by depositing a micro-thin coating that seals and protects. Uni-tab® lasts an average of 30 days, under normal conditions, due to its unique design that protects the chemical block from excessive erosion caused by rushing water as well as debris dropped into the fixture.

**Super**  
**UNI-TAB**

- Blue
- Pink
- Baby
- Green

**ACTIVE INGREDIENTS**

Didecyl Dimethyl Ammonium Chloride 1.0%  
Phosphoric Acid 2.0%

**INERT INGREDIENTS**

97.0%  
Total 100%

E.P.A. Reg. No.: 10292-20  
E.P.A. Est. No.: 10292-IL-01

**KEEP OUT OF THE REACH OF CHILDREN**  
**WARNING**

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Clean the fixture, then place the Uni-tab® in the urinal with the exposed face of the chemical block face down in the fixture.

Uni-tab® should not be placed so that it is completely submerged in water as this will drastically cut down its effective life. Replace when the chemical block is depleted.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal.

**STORAGE:** Keep container closed

**DISPOSAL:** Securely wrap used container in several layers of paper and discard in trash.

**PRECAUTIONARY**  
Hazards to Humans  
Animals

**DANGER WARNING**  
Harmful if swallowed. Causes eye irritation. Do not get in eyes or on clothing.

**STATEMENT OF PRECAUTION**

- If swallowed: Do not induce vomiting. If large quantity swallowed, seek prompt medical attention. Consult a physician.
- If in eyes: Flush with water for several minutes. If irritation persists, consult a physician.
- If on skin: Wash off with soap and water. If irritation persists, consult a physician.

Authorized by the USDA for use on inspected meat, egg, and poultry establishments.

**NET CONTENTS:** 4 oz.
