Baltimore, MD 21228-1199

Subject: Label Notification(s) for Pesticide Registration Notice 2007-4

Dear Robin Todd:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice PRN 2007-4 dated April 13, 2010 for the following product(s):

Neo-Pynamin Technical Grade	EPA Reg. No. 10308-1
Sumithrin Technical Grade	EPA Reg. No. 10308-6
Pralle Manufacturing Use Product	EPA Reg. No. 10308-24
Sumi-Alpha Technical Insecticide	EPA Reg. No. 10308-25
SumiOne Technical Grade	EPA Reg. No. 10308-30

The Registration Division (RD) has conducted a review of this request for applicability under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact Regina Foushee'-Smith at 703-605-0780.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard J. Gebken".

SUBJECT: Neo-Pynamin Technical Grade (EPA Reg. No. 10308-1)
Fast track amendment of label to comply with PR 2007-4

Dear EPA Staff,

The label for Neo-Pynamin Technical Grade (EPA Reg. No. 10308-1, henceforth 'Neo-Pynamin') has been revised to comply with PR Notice 2007-4. Neo-Pynamin is not soluble in water, therefore empty containers must be rinsed with solvent to remove any residues. A statement to this effect has been inserted under 'Container Disposal'. According to PR 2007-4, such revisions must be made by amendment rather than notification. We have also revised the 'Container Disposal' statement to include the standard text required by 2007-4. These changes are underlined, *italicized* and **bolded** for clarity.

As the technical advisor for Sumitomo Chemical Company Limited, I hereby certify that no changes, other than those noted above, have been made to the Neo-Pynamin label.

In support of this application for an amendment, we attach the following documents:

1. 1 revised Neo-Pynamin label with changes underlined, italicized and bolded
2. 5 copies of the 'clean' revised Neo-Pynamin label
3. 1 copy of current EPA-stamped approved Neo-Pynamin label
4. EPA form 8570-1 completed for amendment of this label.

We understand that, since this label amendment is at EPA's request, no PRIA fees will be due.
We would appreciate having this amendment request given fast-track review.

NEO-PYNAMIN® Technical Grade An Insecticide for Formulating Use Only

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed, absorbed through skin or inhaled. Avoid skin contact or breathing vapor. Thoroughly wash skin or clothing with soap and water if they are contaminated.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified prior to the discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board, or the Regional Office of the U.S. Environmental Protection Agency.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

1. STORAGE

Store containers in a cool, dry area. Keep containers closed when not in use.

2. PESTICIDE DISPOSAL

Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

3. CONTAINER DISPOSAL

Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Clean container promptly after emptying.

[Containers less than 5 gallons]

Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with the solvent used to formulate the end-use product and recap. Shake for 10 seconds. Pour rinsate into application equipment or mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.

[Containers more than 5 gallons]

Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with the solvent used to formulate the end-use product. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times.

ACTIVE INGREDIENT:

Tetramethrin (1-cyclohexene-1,2-dicarboximido)methyl
2,2-dimethyl-3-(2-methylpropenyl)
cyclopropanecarboxylate).....95.0%
CAS No. 7696-12-0

OTHER INGREDIENTS.....5.0%
100.0%

CAUTION

SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS

FIRST AID	
IF SWALLOWED	<ul style="list-style-type: none"> Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF ON SKIN OR CLOTHING	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF INHALED	<ul style="list-style-type: none"> Move person to fresh air. If person not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
IF IN EYES	<ul style="list-style-type: none"> Hold eye(s) open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye(s). Call a poison control center or doctor for treatment advice.
Have the product container or label with you when contacting a poison control center or doctor, or when going for treatment.	

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Refer to technical literature for formulation of Neo-Pynamin Technical Grade for end uses.

Formulators who use this product are responsible for providing data to support their own registrations.

Only for formulation into an insecticide. For (1) the following uses: space spray, fogger, crack & crevice spray, outdoor fogging spray, residual spray, direct spray, and wasp & hornet spray; (2) uses for which USEPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration; and (3) uses for experimental purposes that are in compliance with USEPA requirements.
