

RED EARTH® G-8-F FUMIGATOR  
FUMIGATING FOGGER

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**

Harmful if inhaled. Avoid breathing the smoke. Avoid contact with eyes. May cause sensitization following repeated contact with the skin of susceptible individuals. Cover and turn off fish aquariums. Remove plants, pets, and birds before using. Wash hands with soap and water after handling.

Do not use in food areas of food handling establishments, restaurants, etc.

**PHYSICAL OR CHEMICAL HAZARDS**

When metal cartridge comes in contact with water, and for 30 minutes thereafter, it will be hot. This is normal. In order to prevent skin burns, do NOT touch metal container during this time. Heat resistant cup protects contact surfaces.

**STORAGE**

Store unused units in their original containers in dry area inaccessible to children.

**DISPOSAL**

**If empty:** Do not reuse this container. Place in trash or offer for recycling if available.  
**If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never placed unused product down any indoor or outdoor drain.

Red Earth® Aqua Fumigator is a deep-penetrating fumigating fogger that flushes bugs out from where they hide and kills them on contact. When activated, it fumigates the whole room with a white cloud of smoke. The smoke stays in the air during the 3-hour treatment, penetrating deep, filling cracks and crevices and going way under furniture and appliances to kill roaches and fleas where they hide. That is why it kills so many bugs! German roaches may take longer to kill than other bugs.

One unit treats a room of 3000 cubic feet. For best results keep treated room closed for 3 hours.

ACTIVE INGREDIENT:  
(RS)-alpha-cyano-3-phenoxybenzyl (IRS)-cis/trans-chrysanthemate.....7.2% w/w  
\*1 R isomer ratio: ≥95% IR

INERT INGREDIENTS.....92.8% w/w  
100.0%

**KEEP OUT OF REACH OF CHILDREN  
CAUTION**

See Side Panel for Additional Precautionary Statements
