

"INDUSTRIAL LIQUID"

WEED KILLER

USE ONLY WHERE COMPLETE KILL IS DESIRED.

Do not use near desirable trees, shrubs, or other desirable vegetation.

KILLS: Annual and perennial weeds and grasses, plus shallow rooted shrubs and trees. Effective to control Johnson and Bermuda grasses.

CAUTION: KEEP OUT OF REACH OF CHILDREN! DO NOT USE, POUR, SPILL OR STORE, NEAR HEAT OR OPEN FLAME. FOR ADDITIONAL CAUTIONS SEE SIDE PANEL.

Contains 1/2 pound of Monuron Trichloroacetate per gallon.

For general weed control on non-crop lands and paved areas.

EPA Reg. No. 10311-2

U.S. Patents No. 2,782,112 and 2,801,911.

- GENERAL INFORMATION -

"Industrial Liquid" Weed Killer is a superior vegetation killer for the control of most annual and perennial grasses and broadleaf weeds on noncrop land such as industrial plants, oil and gas depots, lumber yards, transmission substations, and pole yards. For non-crop agricultural uses around granaries and elevators, farm buildings, drainage ditch banks and fence rows.

- DIRECTIONS FOR USE -

RATE: Under ordinary conditions, use at the rate of 1 to 2 gallons of "Industrial Liquid" Weed Killer per 1000 square feet (4/5 to 1-3/5 pints per 100 square feet). Under conditions where weeds are difficult to control, use at the rate of 3 gallons of "Industrial Liquid" Weed Killer per 1000 square feet (2-2/5 pints per 100 square feet).

HOW TO APPLY: Use a sprayer which will distribute the required amount evenly over the area to be treated. Use a coarse spray to reduce drift. Application may be made when top growth is dense by mixing the required amount of "Industrial Liquid" Weed Killer with an equal amount of water and applying the mixture evenly over the area to be treated. Mixtures of "Industrial Liquid" Weed Killer and water should be applied as soon as possible after mixing. Gentle agitation of the spray solution may be necessary if "Industrial Liquid" Weed Killer and water are allowed to set for extended periods of time.

See Side Panel For Caution

- CAUTION -

May cause eye irritation. May irritate nose, throat and skin. Do not get in eyes. Avoid contact with skin and clothing. Avoid breathing spray mist. Wash thoroughly after handling. In case of contact, flush eyes or skin with plenty of water; for eyes get medical attention.

DESTROY container so that it may not be used again for any purpose and dispose of it at some location where no attempt to salvage will be made.

IMPORTANT: Injury to or loss of desirable trees or other plants may result from failure to observe the following: DO NOT apply, allow to drift or drain, or flush equipment onto or near cropland, trees or other desirable plants or to areas where their roots may extend. DO NOT contaminate irrigation or domestic water supplies. DO NOT allow contact with fertilizers, insecticides fungicides or seeds. Application equipment should be thoroughly cleaned with detergent and water. Equipment which has been used to apply this product should not be used for applying insecticides, fungicides, fertilizers or other agricultural chemicals as plant injury may result. Follow directions carefully. Timing and methods of application, weather and crop conditions, mixtures with other chemicals not specifically recommended and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
