

DEC 31 1992

Mason Chemical Company
 721 W. Algonquin Road
 Arlington Heights, IL 60005

Attention: Marc Mason
 General Manager

Subject: Product Name: Maquat MC6025-10%
 EPA Registration No. 10324-76
 Your Submission Dated December 28, 1992

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided that you:

1. Make the following labeling changes below before you release the product for shipment bearing the amended labeling.

- a. Delete the letter "s". Only one active ingredient is declared on the label.
- b. Delete the word: economically
- c. Note that "Square D algae" is actually blue green algae.
- d. The preferred nomenclature for the active ingredient is "Alkyl" not "n-Alkyl".

2. A release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

PRECAUTIONARY STATEMENTS

**HAZARDS TO HUMANS
& DOMESTIC ANIMALS**

DANGER

**KEEP OUT OF REACH OF CHILDREN
CORROSIVE**

Causes severe eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Wash thoroughly with soap and water after handling. Harmful or fatal if swallowed. Avoid contamination of food.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge effluent containing this active ingredient into lakes, streams, ponds or public waters unless in accordance with NPDES permit. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your Regional Office of the Environmental Protection Agency.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

IMPORTANT NOTES:

1. Do not allow swimming in pool for at least 15 minutes after product has been applied.
2. Always apply this and other pool treatment chemicals separately, never combine them.
3. Sunlight, rainfall, temperature, number of swimmers and frequency of pool use, all affect the rate at which unsatisfactory pool water conditions develop. Adjust your pool cleaning and maintenance functions accordingly.
4. This product may foam and therefore should not be used for spa treatment.

BEFORE YOU SWIM:

1. Make sure all pool equipment is working properly, including pump, filter, skimmer and heater.
2. Backwash filter following normal procedure for your pool's filter.
3. Check water pH (acidity/alkalinity balance) with a Test Kit, following label directions. Desired pH range is between 7.2-7.8. If necessary, adjust pH by adding pH decreaser to lower pH or pH increaser to raise pH.
4. Recheck pH and maintain it between 7.2-7.8 for at least 6 hours before adding MAQUAT. 05-8025-10%

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove contaminated clothing and wash before reuse.

If swallowed, drink promptly a large quantity of egg whites, gelatin solution; or, if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.
