Stamped Acceptable Label dated September 7, 2006

Dear Ms. Tannehill,

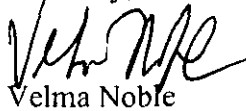

This correspondence is intended to correct the Agency comments associated with the stamped acceptable label as referenced above. The Agency letter dated September 7, 2006 is now corrected to read as follows:

- 26) Under "Preparation of Sanitizer Use-Solution" directions on page 10, delete "**Porous and**" from the phrase, "on hard porous and nonporous surfaces" because the submitted non-food as well as food contact surface data has been performed on hard non porous surfaces. The Agency does not consider laundry as a porous surface.

Please make this correction to the label for this product.

If you have any questions regarding this letter please contact Tracy Lantz at (703) 308-6415.

Sincerely,

Velma Noble
