**COVERS
2**

**1000 SQUARE FEET
NET WEIGHT**

—Supplies nitrogen, phosphorus and potash, the three primary plant food elements necessary for healthy lawn growth.

—Controls weeds and broadleaf plants, and helps prevent weeds from growing on your lawn.

—or controls dandelion, buckhorn, clover and many other broadleaf plants.

APPLICATION

Best results can be obtained if applied when the lawn is damp and temperature is warm, in spring, early summer or fall. Do not apply when conditions are hot and dry or when temperatures are cold. Wait at least three days after mowing before applying. Two or three applications are recommended, with at least 60 days between applications.

Not recommended for use on carpetgrass, bent grass, Dichondra, Centipede grass, St. Augustine grass, on lawns where clover is present or desired, or on new lawns. Apply on a calm day, avoid drift to or contact with vegetables, flowers or shrubs. Vapors from this product may injure susceptible plants in the immediate vicinity. Thoroughly clean all equipment after each use. Do not store near other fertilizer, seed, insecticides, or fungicides. Spread evenly and avoid overlapping.
