

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS
AND DOMESTIC ANIMALS**

DANGER!

Keep out of reach of children. Causes severe burns of eyes. Eye contact may cause loss of vision. May burn the skin. May be harmful or fatal if swallowed. Do not get in eyes, on skin, or on clothing. Chemical Worker's Goggles must worn when handling. Wash thoroughly after handling.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Apply this product only as specified on this label. Do not contaminate water by cleaning of equipment, or disposal of wastes. NOTE: Do not discharge into lakes, streams ponds, or public waters unless in accordance with a NPDES permit. For guidance, contact your regional office of the EPA.

STORAGE AND DISPOSAL

To maintain product quality, store at temperatures below 60°C. Keep container tightly closed when not in use. Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixtures, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

BACTERIA CONTROL CHEMICAL**

Active Ingredient: 2,2-Dibromo-3-nitropropionamide 20%
Inert Ingredients 80%
E.P.A. Registration No. 10349-16 E.P.A. Est. 1706-tx-1

**KEEP OUT OF REACH OF CHILDREN
DANGER!
STATEMENT OF PRACTICAL TREATMENT**

FIRST AID: In case of eye contact, immediately flush eyes with plenty of water for at least 15 minutes. Call a physician. In case of skin contact, immediately wash skin with soap and plenty of water. Wash contaminated clothing before reuse. Get medical attention if irritation persists.

If swallowed, immediately induce vomiting by giving two glasses of water and sticking finger down throat. Repeat until vomit is clear. Call a physician. Never give anything by mouth to an unconscious person.

**WASH THOROUGHLY AFTER HANDLING.
SEE ADDITIONAL PRECAUTIONS ON SIDE PANEL.**

**DIRECTIONS FOR USE
GENERAL CLASSIFICATION**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

ENHANCED OIL RECOVERY SYSTEMS: For controlling slime-forming bacteria, sulfide-producing bacteria, yeasts and fungi in oil field water, polymer or micellar floods, water-disposal systems, or other oil field water systems, add 1-80 ppm VISCO 3991 (0.1-6.4 gal. VISCO 3991 per 2400 barrels of water) Depending on the severity of contamination. Additions should be made with a metering pump either continuously or intermittently.

Addition of VISCO 3991 may be made at the free water knockouts before or after the injection pumps and injection well headers.

NOTE: Add antimicrobial 3991 separately to the system. Do not mix it with other additives in order to avoid decomposition of antimicrobial 3991 due to the high pH of many additive formulations.

CONTAINER DISPOSAL

METAL CONTAINERS: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
PLASTIC CONTAINERS: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
