Shake SECTROL Insecticide Well Before Using!

Application Information:

SECTROL is a ready-to-use insecticide for the control of fleas, ticks, and other insects in homes and other premises. It is a microencapsulated pyrethrin insecticide with extended residual activity. It is safe for use around children and pets when used as directed.

Tightly Seal Container: After each use, tightly seal the container to prevent evaporation of the insecticide.

Use Areas: SECTROL can be used in homes, hotels, motels, schools, offices, and other buildings. It is also used in public places such as restaurants, supermarkets, and hospitals.

Food Areas: SECTROL insecticide can be used in food areas. However, food should be removed or covered during treatment. After treatment, food should be removed or covered during treatment.

Repeat Application: SECTROL insecticide should be applied as needed. Repeat applications may be necessary to maintain control of fleas, ticks, and other insects.

Shake SECTROL Insecticide Well Before Using!

Application Information:

SECTROL is a ready to use insecticide for the control of fleas and ticks. To properly treat, read the following instructions:

1. The spray should be used in a well-ventilated area. Tightly seal the container after use. Avoid contact with eyes, nose, mouth, and clothing.
2. Shake the bottle well before use. Spray the insecticide in a fine mist. Do not spray directly on animals. Do not spray on food, dishes, or bedding. Do not spray on electrical outlets or switches.
3. Repeat application as needed. SECTROL has an extended residual activity. The product continues to work for up to 14 days after application. Do not use if the spray is not clear.
4. If the spray is not clear, it may contain sediment. Do not use. To clear the spray, shake the bottle well. If it remains cloudy, discard the contents. Do not use if the spray is not clear.

Food Areas: SECTROL insecticide is safe for use in food areas. However, food should be removed from the area before application. Do not use in areas where food is stored.
