(LEFT PANEL)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND ANIMALS - Harmful if absorbed through the skin. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling. Keep away from food, feedstuffs and water supplies.

STATEMENT OF PRACTICAL TREATMENT

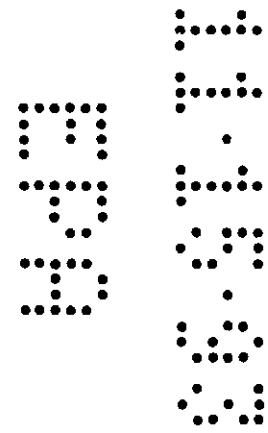

IF ON SKIN: In case of contact, remove contaminated clothing and immediately wash skin with soap and water.

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine, only by injection, is a preferable antidote. Oximes such as 2-PAM/protopam, may be therapeutic if used early, however use only in conjunction with atropine.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish, birds and other wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority in writing. For guidance, contact your State Water Board or Regional Office of EPA.

INSTRUCTIONS FOR FORMULATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Microencapsulated Dursban insecticide may be used only for the formulation of insecticidal products. Formulators using this product are responsible for obtaining EPA registration of their formulated products.

DIRECTIONS FOR USE

For Formulation into Insecticide products for the following uses:

- commercial indoors: non-food and food handling areas, cracks and crevices, baseboards, walls, floors, rugs, windows, door frames, upholstery, furniture, porous and non-porous surfaces, storage shelving, floor drains, and around plumbing/utility fixtures
- commercial outdoors: building perimeter, windows, door frames, steps, eaves, yard, lawn, turf, sewer man hole shafts, fire ant mounds, along sidewalks, patios, porches, and in cracks and crevices
- domestic indoors: non-food and food handling areas, cracks and crevices, baseboards, walls, floors, rugs, windows, door frames, upholstery, furniture, porous and non-porous surfaces, storage shelving, floor drains, around plumbing/utility, and inside barns
- domestic outdoors: building perimeter, cracks and crevices, windows, door frames, steps, eaves, yard, lawn, turf, sewer man hole shafts, fire ant mounds, along sidewalk: patios, porches, yards and kennels
- on animals: topical on dogs

For these above uses the USEPA has accepted the required data and /or citations of data that the formulator has submitted in support of registration.

STORAGE AND DISPOSAL

Do not contaminate food, feed or water by storage or cleaning of equipment.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent) and offer for recycling, reconditioning, or puncture and dispose of in a sanitary landfill, or by other approved state and local procedures.
