PRECAUTIONARY STATEMENTS:  
CAUTION

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS:** Avoid breathing spray mist. Avoid contact with skin and eyes. Harmful if absorbed through the skin. Wash hands thoroughly with soap and water after handling and before eating. Remove dogs, cats and birds from room before spraying, and cover fish bowls and aquariums. DO NOT SPRAY DIRECTLY ON PETS OR HUMANS. NOTE: Kittens and puppies less than 12 weeks old may be sensitive to Duratrol Insecticide. Avoid treating bedding or other key resting areas where they may have prolonged direct contact with product. Keep children and pets out of treated areas until spray has dried. Do not allow spray to contact food or food-contacting surfaces, feedstuffs or water supplies. Do not use in food preparation areas of commercial establishments. Do not use in serving areas while food is exposed

**STATEMENT OF PRACTICAL TREATMENT:** If Swallowed: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching finger to back of throat. Never give anything by mouth to an unconscious person. If On Skin: Remove contaminated clothing and wash skin with soap and water. If In Eyes: Flush eyes with plenty of water. If irritation persists, call physician.

**NOTES TO PHYSICIAN:** Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine by injection is an antidote.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish, wildlife and birds. Keep out of any body of water. Do not contaminate lakes or streams by cleansing of equipment or disposal of equipment washwater. Plants need not be removed before treatment, but use with caution around azaleas, camellias, poinsettias, roses, and variegated ivy because of possible injury to these plants.

**SINGLE USE CONTAINER STORAGE AND DISPOSAL:** Store product in original container out of the reach of children. Do not freeze or store above 120°F.

**UNUSED PESTICIDE DISPOSAL:** Securely wrap unused pesticide in original container in several layers of newspaper and discard in trash.

**EMPTY CONTAINER DISPOSAL:** Do not reuse container. Rinse thoroughly before discarding in trash.

**REUSABLE 3M SPRAY CONTAINER STORAGE:** Do not store pesticide in this reusable container. Store empty container out of the reach of children. Do not use for preparation, storage or spraying of other materials.

**SHAKE WELL BEFORE USING!**

3M Duratrol Household Flea Spray is a microencapsulated formulation for the residual control of fleas and ticks indoors. The microcapsules provide a "timed release" mechanism for the active ingredient chlorpyrifos to provide up to 120-day control of flea larvae and up to 90-day control of adult fleas. Use a product registered by EPA for use on pets to control the source of your flea infestation. For a total flea control program, ask your veterinarian about other 3M microencapsulated insecticide products.

**Directions for Use:** It is a violation of federal law to use this product in a manner inconsistent with its labeling.

For preparation of ready-to-use spray from concentrate, follow instructions on the Duratrol Concentrate Household Flea Spray Refill pouch.

Shake well before using and frequently during use. Adjust sprayer to deliver a coarse spray

**Flea Treatment:** Thoroughly vacuum all carpeting, upholstered furniture, along baseboards, under furniture and in closets. Seal vacuum bag and dispose. Mop hard floors. Replace pet bedding. Using a smooth back-and-forth motion, spray all floors and other aforementioned areas thoroughly, especially pet resting areas and other areas your pet frequents. Provide a good, even treatment, but do not soak the areas you treat. You should begin to see a noticeable reduction in adult fleas within 24 hours. If adult fleas reappear about 1-2 weeks after treatment, it may be because they've hatched from their pupal (cocoon) stage. Flea control products are generally ineffective against pupae. If you notice this problem you should either repeat treatment or allow the product's microcapsules another week to kill the newly emerged fleas.

Application Rates    30 fl oz / 800 sq ft    - Light to Moderate Flea Infestations  
                             30 fl oz / 400 sq ft    - Severe Infestations

**To Treat Other Household Pests:** (including ants, carpet beetles, centipedes, cockroaches, crickets, earwigs, millipedes, silverfish, sow bugs, spiders, and waterbugs) Direct this spray to areas where these pests are found such as baseboards, storage areas, closets, around water pipes, doors and windows, behind and under refrigerators, cabinets, sinks and stoves and other similar areas. Spray directly on insects where possible. Repeat treatment as necessary.

**Notice - Limited Warranty:** 3M guarantees that the product, if used as directed, will perform as described on this label. **3M MAKES NO OTHER GUARANTEES, WARRANTIES OR PROMISES, FOR THE PRODUCT. 3M WILL REPLACE ANY PRODUCT FOUND BY 3M TO BE DEFECTIVE.**

**THE FOREGOING WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. EXCEPT FOR PERSONAL INJURY, 3M SHALL NOT BE LIABLE FOR ANY DAMAGES, INCLUDING INCIDENTAL AND/OR CONSEQUENTIAL DAMAGES, REGARDLESS OF THE LEGAL THEORY ASSERTED, INCLUDING NEGLIGENCE AND/OR STRICT LIABILITY ARISING OUT OF THE USE OF OR THE INABILITY TO USE OR THE PERFORMANCE OF THE PRODUCT.**

Some states do not allow the exclusion or the limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This warranty gives you specific rights, and you may also have other rights which vary from state to state. For any warranty questions, contact 3M Animal Care Products.
