APPLICATION INSTRUCTIONS:

This product is intended for use in preventing leafroller damage in tree fruit, small fruit and vine crops, by interfering with mating communication between adult moths. Disruption of the mating process may result in a decrease in egg laying and subsequent larval infestation thus reducing the need for conventional insecticides.

Recommended rate of application is:

Per Acre	Per Hectare
_2 to 2.5 fl, oz,	9.3 to 11.8 fl. oz.
.13 to .16 pints	31 to 4 pints
59.4 to 74.3 mls.	148.5 to 188 mls.

Apply in sufficient quantities of water to provide thorough coverage. This product can be applied with conventional ground and aerial application equipment. It is best to begin applications of this product while worm populations are low. Peak adult activity occurs from early to mid June. Early application will more effectively suppress mating activity of adults, helping to control pest populations more efficiently. Repeat application should be made 3 to 4 weeks following initial application, when the second peak adult activity commences (early August through early September). High pest pressure and temperature may require shorter application periods. The use of pheromone monitoring traps and routine larval surveys of foliage and fruit is strongly recommended for timing applications of this product.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard 40 CFR Part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries and greenhouses and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE). The requirements in this section only apply to uses of this product that are covered by the Worker Protection Standard. Do not enter or allow entry into treated areas during the restrictedentry interval (REI) of 4 hours. For any requirement specific to your state, consult the agency in your state responsible for pesticide regulation.

STATEMENT OF PRACTICAL TREATMENT: In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists.

KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS. CAUTION Irritating to skin and eyes. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Avoid breathing spray mist. Keep container closed when not in use.

PERSONAL PROTECTIVE EQUIPMENT (PPE): Applicators and other handlers must wear long sleeved shirt, long pants and shoes plus socks. Follow manufacturer's instructions for cleaning and maintaining PPE. If no such instructions for washables exists, wash with detergent and hot water. Wash and store PPE separately from other laundry.

HAZARDS TO THE ENVIRONMENT: Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA. DISPOSAL: Do not contaminate water by cleaning of equipment or disposal of equipment washwaters. Empty containers should be disposed of by state and local procedures.

STORAGE: Store in original container above 32°F to avoid freezing. Should freezing occur, thaw the product completely and mix thoroughly by agitation before use.

NOTICE - LIMITED WARRANTY

3M guarantees only that the product, if used as directed, will perform as described on this label. 3M makes no other guarantees, warranties or promises for the product. The purchaser's sole and exclusive remedy shall be limited to product replacement or refund for the returned product at 3M's option. 3M will replace any product found by 3M to be defective.

The foregoing warranty is in lieu of all other warranties expressed or implied, including the warranty of merchantability or fitness for a particular purpose. 3M shall not be liable for any damages, including indirect, special, incidental and/or consequential damages, regardless of the legal theory asserted, including negligence and/or strict liability arising out of the use of or the inability to use or the performance of the product.

Some states do not allow the exclusion or the limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This warranty gives you specific rights and you may also have other rights which may vary from state to state. For any warranty questions, contact 1-800-265-1840.
