DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons either directly or through drift. Only protected handlers may be in the area during application.

APPLICATION INSTRUCTIONS: This product is an effective tool to help manage Grape Berry Moth populations in Grapes and any other vine crop where the Grape Berry Moth is a problem. This product can reduce, or in some cases, prevent mating by interfering with the chemical communication system between males and females. Reduced mating results in a decrease in the number of eggs laid and lower larval populations thereby reducing the need for conventional insecticides. Supplemental insecticides may be required if initial populations in the treated area are too high or if a major source of mated females is present adjacent to the treated area. Treated areas should be thoroughly monitored for the presence of other pests and treated if necessary.

SHAKE WELL BEFORE USE. Recommended rate of application is 12 g a.i./acre (60 mls. product/acre), applied in sufficient water for uniform coverage. This product can be applied with conventional ground or aerial application equipment. This product should be applied just prior to the start of the Spring and Summer adult flight periods. Consult your local pest advisor for information on timing. Repeat applications should be made at 2 to 3 week intervals. High temperatures may require more frequent applications. Monitoring with pheromone traps and routine inspection of foliage and fruit for the presence of larvae or larval damage is strongly recommended to determine the need and timing of repeat applications. Do not exceed 150 g a.i./acre/year (750 mls. product/acre/year).

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard 40 CFR Part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries and greenhouses and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE). The requirements in this section only apply to uses of this product that are covered by the Worker Protection Standard. Do not enter or allow entry into treated areas during the restricted-entry interval (REI) of 4 hours. For any requirement specific to your state, consult the agency in your state responsible for pesticide regulation.

STATEMENT OF PRACTICAL TREATMENT: In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists.

3M

SPRAYABLE PHEROMONE
Mating Disruption for Grape Berry Moth

This product is a timed-release microencapsulated pheromone concentrate used for mating disruption of the Grape Berry Moth (*Endopiza viteana*)

Active Ingredient:	
Z-9-Dodecenyl Acetate	20.0%
Other Ingredients:	80.0%
Total:	100.0%

EPA Reg. No. 10350- LG
EPA Est. No. 10350-CN-01
(EPA Est. No. 000239-CAN-001)
(EPA Est. No. 061423-CN-002)

KEEP OUT OF REACH OF CHILDREN
CAUTION

Net Contents - 30 US fl. oz. (887 mls.)

Made in Canada for:
3M Company
St. Paul, MN 55144-1000

ACCEPTED

JUN - 9 1999

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, the pesticide registered under EPA Reg. No. 10350-53

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS. CAUTION Irritating to skin and eyes. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Avoid breathing spray mist. Keep container closed when not in use. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

Personal Protective Equipment (PPE): Applicators and other handlers must wear long sleeved shirt, long pants and shoes plus socks. Follow manufacturer's instructions for cleaning and maintaining PPE. If no such instructions for washables exists, wash with detergent and hot water. Wash and store PPE separately from other laundry.

HAZARDS TO THE ENVIRONMENT: Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

DISPOSAL: Do not contaminate water by cleaning of equipment or disposal of equipment washwaters. Empty containers should be disposed of by state and local procedures.

STORAGE: Store in original container in a cool, dry place above 32°F to avoid freezing. Should freezing occur, thaw the product completely and mix thoroughly by agitation before use.

NOTICE - LIMITED WARRANTY

3M guarantees only that the product, if used as directed, will perform as described on this label. 3M makes no other guarantees, warranties or promises for the product. The purchaser's sole and exclusive remedy shall be limited to product replacement or refund for the returned product at 3M's option. 3M will replace any product found by 3M to be defective. The foregoing warranty is in lieu of all other warranties expressed or implied, including the warranty of merchantability or fitness for a particular purpose. 3M shall not be liable for any damages, including indirect, special, incidental and/or consequential damages, regardless of the legal theory asserted, including negligence and/or strict liability arising out of the use of or the inability to use or the performance of the product. Some states do not allow the exclusion or the limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific rights and you may also have other rights which may vary from state to state. For any warranty questions, contact 1-800-265-1840.
