Date of Issuance:
SEP 17 2010

Term of Issuance:

Conditional

Name of Pesticide Product:
3M 6000 Copper Granules

NOTICE OF PESTICIDE :
 Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code) :

**3M
3M Center, Building 220-6E-03
St. Paul, MN 55144-1000**

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Revise the "EPA Registration Number to read, "EPA Reg. No. "10350-526".

Signature of Approving Official:

b. The Storage Stability and Corrosion Characteristics data must be submitted within one (1) year from the date of this Notice of Registration.

3. The Basic and Alternate #1 Confidential Statements of Formulas dated July 29, 2010 are in compliance with PR Notice 91-2, agree with the label and are acceptable.

4. Submit two (2) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records

If you have any questions concerning this letter, please contact Martha Terry at (703) 308-6217.

Sincerely,

Marshall Swindell

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended for the pesticide,
registered under EPA Reg. No. 10350-526

Pesticide Storage:

Store under ambient conditions.

Pesticide Disposal:

To avoid wastes, use all material in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to an approved waste disposal facility. Since regulations vary, consult applicable regulations or authorities before disposal.

Pesticide Container Disposal and Handling:

Where appropriate, return empty 2000 lb bulk bags to 3M for reuse.
Refillable Container. Refill this container with 3M Copper Granules only. Do not reuse this container for any other purpose. Bags should be emptied of any residual granules prior to refilling. When bag condition warrants disposal, dispose of bag in a sanitary landfill or offer for recycling if available or reconditioning if appropriate.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

If granules are to be stored prior to (and during) use, a copy of this label must be made readily accessible to employees when they are in their work area(s).

3M 6000 Copper Granules contain copper oxide, an effective algaecide for inhibiting the growth of blue-green algae that can stain roofing shingles. The granules are treated roofing granules 1-2 mm in diameter made from rock coated with copper oxide and sealed in a ceramic shell. The ceramic shell allows a timed release of copper to provide long-lasting algae control that extends the useful life of shingles. The granules are colored to match the roofing shingles.

3M 6000 Copper Granules should be mixed with standard roofing granules at the rate of 2-12% by weight and processed normally during manufacture of the shingles.

WARRANTY: 3M warrants that the 3M 6000 Copper Granules conform to the ingredient statement above.
