

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Antimicrobials Division (7510P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

10350-526

Date of Issuance:

10/16/2015

NOTICE OF PESTICIDE:

Registration

Reregistration

(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

3M 6000 Copper Granules

Name and Address of Registrant (include ZIP Code):

3M
3M Center, 220-6E-03
St. Paul, MN 55144-1000

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on her/his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

EPA received a label amendment request submitted by email on October 1, 2015. EPA grants this request under the authority of section 3(c)(5) of FIFRA, as amended. With this accepted labeling, all requirements set forth in the Reregistration Eligibility Decision for cuprous oxide have been satisfied. Therefore, EPA reregisters the product listed above. This action is taken under the authority of section 4(g)(2)(c) of FIFRA, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

Submit one (1) copy of final printed labeling. Amended labeling will supersede all previously accepted labels. A copy of your label stamped "Accepted" is enclosed for your records. Products shipped after 12 months from the date of this Notice or the next printing of your label, whichever occurs first, must bear the new revised label.

Signature of Approving Official:

Julie Chao, Product Manager 33
Regulatory Management Branch I, Antimicrobials Division (7510P)

Date:

10/16/2015

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 01/26/2015
- Alternate CSF 1 dated 01/26/2015

If you have any questions, please contact Seiichi Murasaki at murasaki.seiichi@epa.gov.

Sincerely,

Julie Chao, Product Manager 33
Regulatory Management Branch 1

3M 6000 Copper Granules

Built-in control of algae to maintain the beauty of roofing shingles

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No. 10350-526

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

PRECAUTIONARY STATEMENTS

Engineering Controls

Use with appropriate local exhaust ventilation and at transfer points to manage particulates.

Personal Protective Equipment

Avoid eye and prolonged skin contact. Use gloves (leather, nitrile rubber or polyethylene) and wear protective clothing (long-sleeved shirt, long pants) to reduce skin contact. Safety Glasses with side shields are recommended. **Note:** Because manufacturing location conditions vary widely, please consult product Safety Data Sheet (SDS) for detailed particulate respiratory protection considerations while manufacturing with this product.

User Safety Requirements

Discard disposable PPE at the end of use as directed by manufacturer. For reusable PPE, follow manufacturer's instructions for cleaning and maintenance. If no instructions for washables exist, use detergent and hot water.

User Safety Recommendations

User must wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage:

Store under ambient conditions.

Pesticide Disposal:

To avoid wastes, use all material in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to an approved waste disposal facility. Since regulations vary, consult applicable regulations or authorities before disposal.

Pesticide Container Disposal:

Where appropriate, return empty 2000 pound bulk bags to 3M for reuse.

Refillable Container. Refill this container with 3M Copper Granules only. Do not reuse this container for any other purpose. Bags should be emptied of any residual granules prior to refilling. When bag condition warrants disposal, dispose of bag in a sanitary landfill or offer for recycling if available or reconditioning if appropriate.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

If granules are to be stored prior to (and during) use, a copy of this label must be made readily accessible to employees when they are in their work area(s).

3M 6000 Copper Granules contain cuprous oxide, an effective algaecide for inhibiting the growth of blue-green algae that can stain roofing shingles. The granules are treated roofing granules 1-2 mm in diameter made from rock coated with cuprous oxide and sealed in a ceramic shell. The ceramic shell allows a timed release of cuprous oxide to provide long- lasting algae control that extends the useful life of shingles. The granules are colored to match the roofing shingles.

3M 6000 Copper Granules should be mixed with standard roofing granules at the rate of 2-12% by weight and processed normally during manufacture of the shingles.

WARRANTY: 3M warrants that the 3M 6000 Copper Granules conform to the ingredient statement above.
