

DIRECTIONS

ADD CONTENTS (ONE GALLON) TO POOL

For pools of 18,000 to 30,000 gallons of water preferably in evening while pool is not in use.

For smaller pools use an equivalent amount.

Whenever water turns slightly green, it indicates the presence of algae. SHOCK-KING will quickly restore your pool to a normal sparkling clear water.

Use SHOCK-KING after heavy bathing loads, and whenever the pool water is cloudy to insure quick recovery to normal, for your bathing pleasure.

FISH AND OR WILDLIFE CAUTIONS

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water.
